Board Delegates its Authority to Executive Committee

by Stacy Smith, Leisure World News

In a near unanimous roll call vote, the Leisure World Community Corporation (LWCC) board of directors passed a resolution delegating its authority to the LWCC executive committee during its regular meeting held via teleconference on March 31. The resolution gives the executive committee the authority to act on behalf of the LWCC board of directors in matters of health, safety, financial and operational issues to protect the community and its residents, employees and visitors.

The meeting’s unprecedented format was arranged to protect board members and other attendees from COVID-19’s potential spread and to comply with Maryland Gov. Larry Hogan’s March 19 executive order limiting gatherings in the state to 10 people.

Fulfilling Essential Needs While Staying Close to Home

by Leisure World News

Under Gov. Larry Hogan’s executive order enacted March 30, Marylanders must stay home unless fulfilling an essential function, such as picking up food or medications or seeking emergency care, reporting to an essential job or engaging in outdoor recreation within a safe distance from others.

Residents are urged to heed the order’s directive to help slow the spread of COVID-19 (coronavirus) infection, which can cause serious illness or death, especially in the elderly and those with underlying health conditions.

In the coming days and weeks many residents may choose to self-isolate or quarantine in their homes for extended periods of time, or may be directed to do so by medical personnel or government authorities.

Staying close to home can make fulfilling essential functions more difficult, but Leisure World and its surrounding community offer several options to help meet residents’ basic needs with minimal risk to their health and safety:

• Grocery Shopping – Giant Food grocery store in Leisure World Plaza reserves daily shopping from 6-7 a.m. for senior citizens age 60 and older and those with compromised immune systems. For a list of other local grocery stores

Due to the dynamic nature of the COVID-19 (coronavirus) pandemic and recommendations of public health authorities, the events, meetings and other activities as well as schedule changes and hours of operation reported in this edition of Leisure World News may have been changed after press time.
Most of us are spending the majority of our time at home, which can spell bliss for some and boredom for others. Residents who fall into the latter category need not despair; there are many ways to take advantage of this time and stay connected to others.

‘All of This is New to Us’
Connecting Through Worship While Physically Apart

by Leisure World News

Although the regular Sunday service in The Inter-Faith Chapel was closed on March 22, Rev. Dr. Woodie Rea, the chapel’s senior minister, nevertheless presided over the weekly celebration of faith as usual. The pews were empty, but his words were directed to worshippers who were able to “attend” the channel 972 broadcast of the service several days later.

“This is indeed a unique way for us to gather in these unique times, to not see each other as we are facing a virus that we cannot see, but we know is very real,” he said, referring to the ongoing COVID-19 pandemic.

Emphasizing the importance of “physical distancing” as a means of slowing the spread of the virus, Dr. Rea also acknowledged the challenge of staying socially connected.

“So we are continuing to seek to be connected, to be connected spiritually, relationally and emotionally even though we are physically distancing ourselves,” he said.

“Now we find ourselves in our own quarters, but we still gather together to worship,” he said. “All of this is new to us.”

people or fewer. The LWCC executive committee consists of just seven members, while the board has 34.

Going forward, the LWCC board’s chairperson will submit all proposed board actions to board members and will have them posted on the residents’ website (residents.lwmc.com) prior to the LWCC executive committee taking action on them, according to the resolution. Board members and other residents will have three calendar days to submit comments prior to the executive committee moving forward on a proposed action.

The delegation of authority and its procedures are expected to remain in place until Hogan’s executive order is lifted.

The LWCC executive committee has tentatively planned to meet on Friday, April 17, at 9:30 a.m. in Clubhouse I and it is expected that the meeting will be broadcast via (residents.lwmc.com) > Your Community. Residents who would like to participate during the meeting’s open forum will be asked to phone in to the meeting.

More information about the meeting will be posted to TV channel 972 and (residents.lwmc.com) as it becomes available.
COVID-19 and Leisure World

Frequently Asked Questions

by Stacy Smith, Leisure World News

At a time of concern and uncertainty, many residents are worried about the health and safety of themselves, their loved ones and their community, and they may have questions about COVID-19 (coronavirus) and Leisure World’s response to it.

These concerns are understandable, and Leisure World’s management team and other departments have received several questions on a variety of coronavirus-related topics. Here is a roundup of answers to some of those most frequently asked.

Q: What should I do if I think I have COVID-19?
A: Residents who are ill should not delay in seeking care from medical professionals. Residents are encouraged to remain in their homes and use MedStar Health’s e-Visit, a service that allows a resident to speak to a medical provider via video call. The provider can screen the resident for COVID-19 and direct him or her to the appropriate level of care. MedStar Health has waived the fee for this service at this time.

Residents who are unable to access MedStar e-Visit should contact the MedStar Health medical center at (301-598-1590). For more information about e-Visit, visit (medstar-evisit.com).

Q: Can Management ask or find out if a resident has COVID-19?
A: A resident is not required by law to notify Management if he or she has contracted COVID-19. And because of privacy laws, Management cannot ask if a resident has been tested or diagnosed.

Q: Will Leisure World be notified if a resident tests positive for COVID-19?
A: MedStar Health and other healthcare providers cannot disclose the personal health information of their patients but are required by law to report COVID-19 results to the Maryland Department of Health, who would then determine if any additional notification or action would be required.

Q: Has Leisure World taken any added precautions to help stop the spread of COVID-19?
A: Leisure World Management has taken several precautions to help prevent the spread of COVID-19 and to comply with Maryland Gov. Larry Hogan’s executive orders. These include:
- Cancelling Leisure World Community Corporation governance meetings until further notice
- Strongly urging all clubs, groups and organizations to postpone meetings and events (most have done so)
- Closing facilities such as the fitness center and pools and modifying amenities and services’ hours of operation
- Working with janitorial contractors to enhance cleaning protocols
- Notifying residents, employees and contractors of the Center for Disease Control and Prevention’s recommendations for maintaining personal health
- Providing continual communication to all residents and employees regarding decisions affecting the community

Q: Has the MedStar Health medical center put measures in place to support the community during the COVID-19 pandemic?
A: The team at MedStar Health has put several measures in place to protect residents and staff. These include:
- Screenings all patients and visitors for symptoms at the medical center’s entryway
- Limiting the number of visitors a patient can bring with him or her to one per visit
- Constantly monitoring inventory of critical supplies
- Offering free prescription delivery
- Implementing telephone and video visits for primary care and specialty providers and seeing select visits that require physical examination.
- Creating a coronavirus web page that provides resources and education for the community. Visit (MedStar Health.org) and click on the red banner at the top of the page
- Implementing video visits for physical therapy patients and seeing select urgent visits that require direct patient care
- Providing additional cleaning throughout the medical center to prevent the spread of the disease

Q: Have the mutuals taken additional steps to help protect the community from COVID-19?
A: The mutuals have put several measures in place to protect residents and staff.
These include:

- Encouraging mutual boards to cancel meetings or hold them via teleconference
- Reducing the number of on-site personnel and largely communicating via phone and email to limit staff and residents’ potential exposure to the virus
- Limiting contract work

Q: My home needs maintenance or repair. Will the Physical Properties Department (PPD) send a technician to my home?

A: PPD is only filling emergency service requests at this time to reduce potential COVID-19 exposure to both residents and staff.

Q: Should I check on my neighbor?

A: It’s natural to want to help a friend or neighbor in times of need, but we must all be mindful of the importance of social distancing to help prevent the spread of the disease. If you can, call or email your neighbor and direct him or her to Leisure World’s Social Services Department, available at (301-598-1581) or (smontgomery@lwmc.com). The social workers can provide your neighbor with a list of resources – everything from grocery delivery companies to county services – and help them determine what they need.

Q: I need groceries and medicine, but I can’t leave my home. What should I do?

A: Contact the Social Services Department at (301-598-1581) or (smontgomery@lwmc.com) and a social worker can provide you with a list of resources and work with you to figure out a plan. The list is also available on the (residents.lwmc.com) homepage, along with other COVID-19 related information and updates. The MedStar Health medical center’s pharmacy offers free prescription delivery to residents’ homes. Delivery of prescription and over-the-counter medications is available Monday through Friday, 9 a.m.-5 p.m. Residents who don’t currently use the MedStar pharmacy can have their medications transferred by calling (301-598-1005).

Q: A lot of facilities and amenities in Leisure World are closed or have modified their hours of operation. When will they be available again?

A: Leisure World is following the lead of health experts and state officials regarding COVID-19. Residents can check TV channels 972 and 974 or (residents.lwmc.com) for updates to closings, cancelations and modified hours of operation.

Keep in Mind

The ebb and flow of daily life has temporarily changed at Leisure World and throughout the country, and it can be difficult, at times, to adapt to these changes.

But each of us can do our part to prevent the spread of COVID-19 by taking personal responsibility for our health and following recommended precautions.

Consult resources such as the Centers for Disease Control and Prevention, the World Health Organization and state and local public health authorities. A list of links is available on the (residents.lwmc.com) homepage.

Watch TV channels 972 and 974 on the hour and half hour to see several minutes of public service announcements on preventing the spread of COVID-19, and remember to exercise the basics: wash your hands regularly with soap and water; avoid touching your face; and keep at least six feet away from other people.

Adjusting to Life Under Threat of Coronavirus

by Emily Geller and Theresa Wolfe

M ost Leisure World residents are in the age group considered most vulnerable to the effects of COVID-19 infection, with those residents who have underlying medical conditions especially vulnerable.

As this new virus spreads – without a vaccine or treatment available – the only defense against it is to stay at home, away from other people, and try to prevent infection through person-to-person transmission. Advice from state and federal health authorities is to avoid person-to-person transmission.

Try to prevent infection through away from other people, and another that contact with other people can lead to profound loneliness.

Community preparedness involves helping all members stay safe. Check on your neighbors, especially those who might have underlying medical conditions. Encourage them to contact the Social Services Department at (301-598-1581) or (smontgomery@lwmc.com) if they need assistance.

Stay in contact with them by phone, email or text messages, and perhaps encourage others to contact them as well.

Reminder: Get Counted in the 2020 Census

by Leisure World News

A ll households should have received or be about to receive an invitation to respond to the 2020 U.S. Census. Each household is required to answer several simple questions about its occupants as of April 1 and whether the home is owned or rented.

The Census may be responded to online at (my2020census.gov), by telephone at (844-330-2020) or by sending in a paper form that will be mailed in mid-April to those who have not already submitted answers using one of the other methods. Phone numbers for other languages can be found at (2020census.gov/en/ways-to-respond/responding-by-phone.html).

The Census does not ask for full Social Security numbers, bank or credit card numbers or money. Anyone who asks for this information claiming it is for the Census is a scammer. The return address for the paper form should be 100 Logistics Avenue in Jeffersonville, Indiana.

On Wednesday, May 27, Census takers will begin contacting those who did not respond.

The government uses Census data to ascertain demographics, set voting districts and inform programs, policy and community planning.

Past FEP projects have included the Fitness Center in Clubhouse II and renovations to the restaurant and Maryland Room in Clubhouse I.
Maryland General Assembly Passes Condominium/HOA Legislation
by Ken Muir

The 2020 session of the Maryland General Assembly, which adjourned about three weeks short of its normal ending, passed seven of the 23 bills the Government Affairs Advisory Committee was following. Four of those passed were cross-filed, with both the Senate and House enacting identical bills. None has yet been signed by Gov. Larry Hogan. Most bills, when signed by the governor, become effective Thursday, Oct. 1, 2020; House bill (HB) 932 (sales tax) becomes effective Wednesday, July 1, 2020.

The following is a summary of the bills adopted:

- HB 25 – SB 293 – Amends both the Condominium and Homeowners Acts to provide an alternative process for notifying mortgage holders if a developer’s declaration is amended in certain ways.

- HB 108 – SB 175 – If a condominium owner causes any damage to the common elements or other units, the insurance deductible is increased from $5,000 to $10,000. This applies to all policies of property and casualty insurance issued after Oct. 1, 2020.

- HB 932 – This is the so-called 21st Century Economy Sales Tax Act, which “imposes the State sales and use tax on the sale of specified digital products, codes and services,” with the revenues going to the newly enacted Blueprint for Maryland’s Future Fund (funding for pre-K through grade 12 education). “A digital product is defined as one that is obtained electronically by the buyer or delivered by means other than tangible storage media through the use of technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.” The Government Affairs Advisory Committee recommends that this bill be analyzed by the Special Technology Committee and/or an attorney to determine if it affects Leisure World or its mutuals’ projects, such as the automated gate access project.

- SB 472 – Amends both the Condominium and Homeowners Acts to require that the annual budget be adopted at an open meeting of the board and transmitted to owners within 30 days of adoption electronically, on a home page or by newsletter. If a budget requires an increase of 15 percent or more in the annual assessment, it must be approved at a special meeting of the Council of Unit Owners with not less than 10 days written notice. There is an exception for increases which, if not corrected, could be a threat to the health or safety of unit owners. The bill also amends the Condominium Act to include the same budget categories currently included in the Homeowners Act.

- SB 407 – Creates a Senior and Vulnerable Adult Asset Recovery Unit in the Office of the Maryland Attorney General to protect eligible seniors from financial crimes (under Sec. 8-801 of the Criminal Law Act) and enables its staff to investigate and assist in bringing civil actions. The Government Affairs Advisory Committee recommends that this bill be analyzed by the Special Technology Committee and/or an attorney to determine if it affects Leisure World or its mutuals’ projects, such as the automated gate access project.

GOOD TO KNOW: PREVENTING PLUMBING PROBLEMS

As more residents self-isolate at home because of COVID-19 (coronavirus), the Physical Properties Department has noticed an increase in plumbing issues in the community.

To prevent toilet clogs, do not flush paper products other than toilet paper. Wipes and paper towels should go in the trash.

Additionally, food waste should not be disposed of in a sink’s garbage disposal.

LEISURE WORLD AND THE CORONAVIRUS

By now, everyone is aware of the danger from the coronavirus, especially to those over 60. Gov. Hogan has instructed us to stay in our homes and only leave for important errands like food shopping. Proper handwashing has become an art. However even with the most stringent precautions, it is likely that there will be cases of coronavirus among Leisure World residents. So what should you do if your neighbor is diagnosed with the coronavirus? What if you think you have it?

First of all, it’s important to realize that the coronavirus is not a death sentence. Although it can be worse in older people, most people recover. Second, the main reason we’re trying to limit the spread of the virus is to mitigate the strain on healthcare facilities. If you’ve been following the news from New York and Italy, the large number of affected people has played havoc with their healthcare systems. We don’t want that to happen here. But we can expect to have some cases in Leisure World, just like we have cases of the flu every year.

Our Medical Center, along with the MedStar Health organization, has been preparing for this for quite a while. The Medical Center has a protocol for immediately isolating suspected cases so that they are not sitting in the waiting room with other people. They are also able to test people for coronavirus; you need a doctor’s order to get tested. The PromptCare facility on Georgia Avenue also can test people and is open on weekends. It is better not to go to the emergency room unless you are acutely sick. If you have symptoms and are concerned that you have it, it is important that you call before going to a healthcare facility so they can instruct you on how to enter the facility without exposing others who are there.

Leisure World residents received a letter from MedStar Health outlining free eVisits during which you can consult a physician or nurse practitioner over the internet. To participate in this program, you have to download an app from the MedStar Health website, Google Play or Apple’s App Store. The eVisits are available 24 hours per day, seven days a week. The eVisit providers can give advice on chronic conditions, such as diabetes or high blood pressure, acute conditions such as a stomach virus, or screen a person for coronavirus symptoms.

The Leisure World residents’ website (residents.lwmc.com) has a lot of information about the coronavirus, including links to Montgomery County, state and federal coronavirus websites, information on resources gathered by the Leisure World social workers and menus from the Terrace/Stein Rooms for food that is available for takeout or delivery. If you have not registered for the website, there are instructions on how to do it on the first page.

In the meantime, try to enjoy your forced isolation by telephoning or emailing friends and relatives, walking around Leisure World while maintaining social distance, eating food that you like and getting enough sleep. Plan your food shopping so you only have to go once a week or even longer, and wash those hands!

OUR NEW NORMAL AT LEISURE WORLD

As I read the March 20, 2020 issue of Leisure World News, I counted eight items marked “canceled” and 10 marked “postponed.” Many of the other news items reported events that will be canceled or postponed, services with reduced hours and offices closed. I admire the fast work of our talented communications team to publicize these dramatic changes in our community life.

One of the pleasures of living here has been the active recreational, educational and social life I find at Leisure World. Mutual support and the services of professional social workers, as well as medical services available on campus are also valuable to me. We live in an interdependent web of mutuality.

Caring for our own health and our neighbors’ health requires extraordinary measures during the crisis of COVID-19 (novel coronavirus). The World Health Organization, as well as our national, state and local governments, are acting to limit the spread of this viral disease.

They call upon us to stay home and keep ourselves healthy and safe. I have begun seeing acts of kindness and generosity here at Leisure World that renew my faith in the kindness of strangers: golfers have let me walk around after 5 p.m., many neighbors are sharing useful information about “senior hours” at grocery stores and food delivery services.

I admire the foresight of those who campaigned and contracted successfully for the installation of internet to every household in our community last year. We cannot expect our favorite local newspapers to keep up with the daily – even hourly – updates on the health crisis facing us all. With access to the internet and

television, we get too much information to keep up with.

At my mutual, we are determined to use our internet resources to help us stay in touch with one another. We are ready to experiment with video conferencing technology to meet online while staying in our own homes. This way, we continue to share information and decision-making.

We can listen to neighbors’ complaints and reports about troubles with common areas and equipment. We learn from one another and keep up to date with the best practices other mutuals are finding, as well as the mistakes other mutuals may be making.

I’m never too old to learn something useful, to hear beautiful music or to laugh at a joke. Come to think of it, I’ve never met anyone who is. Let’s learn together and find a way through this crisis.

TIME TO LOOK OUT FOR EACH OTHER

O ur community’s residents have been quite responsible in their social distancing, hand washing, and tremendous patience and cooperation with inactivity. That’s another reason to be thankful we have those types of neighbors. And these sorts of habits will always be valuable.

But the longer this health situation continues, the more people will likely need and welcome help. I’m speaking of daily living errands or appointments; providing careful social interaction can make a huge impact on those who don’t get much of it; Simply providing topical information for those who aren’t in tune with the most recent developments can help reduce the anxiety produced by the unknown. In essence, social outreach in light of health precautions is something each of us can do with those around us.

I just encourage everyone to help others in our community.

VIRAL RESPONSE

Y esterday I went out for some fresh air and a walk as I do every afternoon. I live in Turnberry Courts #3. Across the parking lot I saw four women sitting in lawn chairs enjoying themselves. I walked over laughing and said that I was glad to see that we were all adjusting to our new normal. One of the two older women proudly told me that the younger woman on her left had just flown in from Israel and the young woman on the right had just flown in from Seattle.

So many alarms went off in my head that I couldn’t put my thoughts together to voice them so I just said “enjoy your visit” and walked away. Unless these young women both already have had COVID-19 and are immune and can’t communicate it, they were certainly putting the older women and, in turn, all of Leisure World at risk! A video visit would have seemed a safer option. At times I have also seen residents caring for, I assume, their out-of-school grandchildren.

My point in telling this story is to ask if the Leisure World Community Corporation board of directors or Emergency Preparedness Advisory Committee are coordinating with the Montgomery County and Maryland task forces to make Leisure World an early testing site for the virus diagnostic test when it becomes readily available. If this virus becomes prevalent within Leisure World, infected residents needing hospitalization could easily overwhelm ICU beds in our area hospitals. This of course would be bad for our residents, and especially so if it is decided that the beds must be reserved for younger people.

It would also be a public relations nightmare for the county and state and a motivation for them to do something here, now. I think that, if we are cross pollinating with people from Israel and Seattle, we should assume that the virus is here, that we have been exposed at some point or other, and we need to do more than just canceling meetings. We need to think strategically and tactically.

Early testing, as available, and possibly a treatment tent, also called triage tent at MedStar Health medical center, would at least provide some degree of comfort and control in dealing with this situation.

We need to be as proactive as possible rather than just wait for this wave to break over our heads.

Cannabis 101 Club

Club Helps Residents Register Remotely for Medical Cannabis

by Carminetta Verner

The Cannabis 101 Club has initiated a process to help residents register remotely with the Maryland Medical Cannabis Commission (MMCC) during the COVID-19 (coronavirus) pandemic.

Email (Lwcan101@gmail.com) with the information needed to prepare the registration form. The resident will be contacted and asked to take a photo of the front and back of their unexpired driver’s license and a 2 x 2” photo of him or herself to be uploaded to the Commission. If possible, use a smartphone to take these photos.

To complete the registration process, the MMCC charges $50 for a Maryland Medical Cannabis ID card. Visa and MasterCard are the only credit cards accepted for payment.

After all of a resident’s information is received, the Club will upload it to the Commission. It takes approximately two to four weeks for approval depending on the MMCC’s workload.

A resident approved by the MMCC will receive a patient ID number, which allows him or her to take the next step toward purchasing cannabis, which involves a medical certification by a medical provider registered with the Commission. The Club is investigating the use of telemedicine to visit a medical provider. Using telemedicine avoids face-to-face contact, helping residents remain well and safe.

Residents also have the option of registering with the MMCC on their own at (mmcc.maryland.gov). To help keep residents safe during the coronavirus outbreak, cannabis dispensaries have initiated special hours for seniors to visit the store and drive up for curbside pickup for orders placed through Leafly or Weedmaps.

For questions, contact Carminetta Verner at (630-699-1629) after 10 a.m.

Lions’ Vision Support Group

April 8: Support Group Meets Remotely

by Larry Cohen

The Lions’ Vision Support Group plans to hold its Wednesday, April 8, meeting at 1 p.m., but we will do so using Zoom, a remote conferencing service.

Bridget Doherty, Metro System orientation specialist for the Office of Eligibility Certification and Outreach Department of Access Services, is the meeting’s speaker.

To connect to a meeting with Zoom, either download the free app to your smartphone and connect using a 10-digit ID, or dial in to the meeting using a regular telephone number and the same 10-digit ID.

The Group has a system of callers who notify people of upcoming meetings, and they will notify everyone on the list of the April meeting as well as how to connect to the meeting.

If you’re not currently being contacted about meetings of the Lions’ Vision Support Group and would like to be placed on the Group’s calling list, contact Jane Carona at (301-598-2131) or (jane.e.carona@gmail.com).

Tips for Sheltering in Place

The American Academy of Ophthalmology warns against touching your nose, mouth and eyes as COVID-19 (coronavirus) can be transmitted from fingers. Remember to thoroughly wash your hands.

Now that we are all “in place” and looking for things to do, it’s a good time to upgrade our quality of life. Consider pursuing favorite activities such as reading, exercising (jogging, walking, pushups or weights, yoga), sewing or knitting.

For more information about the Lions’ Vision Support Group or assistive technology, contact Larry Cohen at (908-770-9111) or (ToPops@aol.com), or Bobby Bobo at (301-879-0103) or (BobbyBobo@gmail.com).
FISH Office Closed but Appointments Available by Phone

by Beth Leanza

The FISH office in Clubhouse II is closed to resident traffic because of the COVID-19 pandemic. Residents who would like to borrow an item from FISH must call (301-598-1345) to make an appointment.

FISH’s Mission

FISH volunteers help their neighbors by lending them assistive equipment that is donated to the FISH office. Assistive equipment includes wheelchairs, commodes, shower chairs (aka tub stools) and walkers. FISH lends these items indefinitely to residents.

Unfortunately, FISH is not nonprofit under 501(c)(3), so donations are not eligible for tax deduction. But FISH is grateful for the donations it receives, and many people benefit from them.

Completely staffed by volunteers, FISH members do not usually have any medical training. They urge anyone with questions to speak to a therapist or home health aide. Such information is safe to use.

Other Items Available

Other donations FISH receives are simply given away to anyone who needs them, including caretakers and home health aides. Such items include incontinence supplies and safety rails for toilet and tub. These are kept in the front area of the FISH office.

FISH no longer accepts foot braces, oxygen tank tubes, diabetic equipment or CPAP machines. Residents are asked to not donate household items, and to not leave anything outside the FISH cage.

Help Wanted

FISH is always looking for new members. If interested, contact FISH president Beth Leanza at (301-598-4569). FISH suggests a training/orientation session with a current volunteer.

Other Collections

Some organizations such as Kiwanis and Lions Clubs have collection boxes in the FISH office. Kiwanis helps Ronald McDonald House by collecting can tabs. The Lions collect eyeglasses and orientation aids. If you want to start a collection, even for a short time, contact FISH. Also, be sure to include (on the collection box) your contact information.

FISH also accepts cardboard tubes and calendars. While they are meant for a local elementary school for art projects, we welcome anyone who would like them (can use them) to take them.

Lost and Found

Residents who have lost an item can typically call the E&R office at (301-598-1320), but the office is closed to foot traffic. Instead, call (301-598-1345) and leave a message.

Steps to help prevent the spread of COVID-19 if you are sick

FOLLOW THE STEPS BELOW: If you are sick with COVID-19 or think you might have it, follow the steps below to help protect other people in your home and community.

Stay home except to get medical care

- **Stay home:** People who are mildly ill with COVID-19 are able to recover at home. Do not leave, except to get medical care. Do not visit public areas.

- **Stay in touch with your doctor.** Call before you get medical care. Be sure to get care if you feel worse or you think it is an emergency.

- **Avoid public transportation:** Avoid using public transportation, ride-sharing, or taxis.

Separate yourself from other people in your home, this is known as home isolation

- **Stay away from others:** As much as possible, you should stay in a specific “sick room” and away from other people in your home. Use a separate bathroom, if available.

- **Limit contact with pets & animals:** You should restrict contact with pets and other animals, just like you would around other people.
  - Although there have not been reports of pets or other animals becoming sick with COVID-19, it is still recommended that people with the virus limit contact with animals until more information is known.
  - When possible, have another member of your household care for your animals while you are sick with COVID-19. If you must care for your pet or be around animals while you are sick, wash your hands before and after you interact with them. See COVID-19 and Animals for more information.

Call ahead before visiting your doctor

- **Call ahead:** If you have a medical appointment, call your doctor’s office or emergency department, and tell them you have or may have COVID-19. This will help the office protect themselves and other patients.

Wear a facemask if you are sick

- **If you are sick:** You should wear a facemask when you are around other people and before you enter a healthcare provider’s office.

- **If you are caring for others:** If the person who is sick is not able to wear a facemask (for example, because it causes trouble breathing), then people who live in the home should stay in a different room. When caregivers enter the room of the sick person, they should wear a facemask. Visitors, other than caregivers, are not recommended.

Cover your coughs and sneezes

- **Cover:** Cover your mouth and nose with a tissue when you cough or sneeze.

- **Dispose:** Throw used tissues in a lined trash can.

- **Wash hands:** Immediately wash your hands with soap and water for at least 20 seconds. If soap and water are not available, clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol.

Clean your hands often

- **Wash hands:** Wash your hands often with soap and water for at least 20 seconds. This is especially important after blowing your nose, coughing, or sneezing; going to the bathroom; and before eating or preparing food.

- **Hand sanitizer:** If soap and water are not available, use an alcohol-based hand sanitizer with at least 60% alcohol, covering all surfaces of your hands and rubbing them together until they feel dry.

- **Soap and water:** Soap and water are the best option, especially if hands are visibly dirty.

- **Avoid touching:** Avoid touching your eyes, nose, and mouth with unwashed hands.

Avoid sharing personal household items

- **Do not share:** Do not share dishes, drinking glasses, cups, eating utensils, towels, or bedding with other people in your home.

Older adults and people of any age who have serious underlying medical conditions may be at higher risk for more serious complications from COVID-19.

**FACT 3**

Someone who has completed quarantine or has been released from isolation does not pose a risk of infection to other people.

For up-to-date information, visit CDC’s coronavirus disease 2019 web page.

**FACT 4**

There are simple things you can do to help keep yourself and others healthy.

- Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing; going to the bathroom; and before eating or preparing food.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

**FACT 5**

You can help stop COVID-19 by knowing the signs and symptoms:

- Fever
- Cough
- Shortness of breath

Seek medical advice if you develop symptoms AND

- Have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.

Responsible Dog Ownership in the Era of COVID-19

by Mali Cruz

The Dog Club has suspended all of its scheduled meetings in compliance with Leisure World administrative directives. During this time of social distancing, the Club reminds residents of the importance of responsible dog ownership. Keeping the community safe and clean is always a priority, and this is especially true when facing a major health crisis such as COVID-19.

Scoop the Poop

When walking their dogs, most residents remove or clean up their dog’s solid waste. However, some choose to walk away, leaving it behind to blemish and contaminate the environment. Dog waste attracts flies and other parasites that can be transmitted to other pets and possibly to humans. If not removed, stormwater will carry this waste directly into the community’s waterways.

The Club urges all dog owners to clean up their dog’s waste. Dog owners with mobility problems that inhibit their ability to bend down and pick up the waste should hire a competent dog walker.

Be Prepared in Case of Illness

According to the Centers for Disease Control and Prevention, there’s no evidence (at this time) that companion animals, including dogs, can spread COVID-19. They also have no reports of dogs or other pets becoming sick with COVID-19.

However, if dog owners become ill or need to be hospitalized, they should have a plan for their dogs. Here are a few suggestions:

- Identify a family member or friend who can care for the dog(s) if you are hospitalized.
- Have extra pet food and supplies on hand (enough for two weeks if possible).
- Keep your dog’s vaccines up to date in the event boarding becomes necessary.
- Verify all medications are documented with dosages and administering directions.
- Ensure that your pets are wearing a collar and ID tag.

Let’s continue to do all that we can to keep ourselves and our dogs healthy and safe.

Center for Lifelong Learning (CLL)

Organization Looks to Its Future and Encourages Resident Participation

by Fred Shapiro

With the coronavirus pandemic taking hold of our lives and the need to stay at home, the Center for Lifelong Learning (CLL) has canceled its programs and classes through April and hopes to begin again in May.

The CLL was founded in 2004 by a group of retired college professors who wished to continue the joy of bringing educational subjects to the public. It is based on a similar program for seniors at many of the nation’s colleges, also known in this area as Osher Lifelong Learning Institute.

The CLL’s educators are all volunteers, and the organization offers two types of educational formats: classes and one-day programs. The class fee is a minimum of $15. Longer classes typically charge a higher fee. One-day programs are normally free. The CLL’s curriculum committee arranges classes and the events committee arranges one-day programs.

For the most part, CLL classes are taught by residents who have the appropriate credentials. The original CLL instructors were content with a following of 10-15 residents attending classes. Today, CLL classes draw 30-50 registrants. The one-day programs typically draw 30 to 100 attendees, depending on the program’s subject.

Resident Participation Needed

Participation by residents is crucial to the future of the CLL’s classes and programs. The CLL’s two committees need residents who are willing to make the contacts and help arrange for the classes and programs.

The original CLL instructors were content with a following of 10-15 residents attending classes. Today, CLL classes draw 30-50 registrants. The one-day programs typically draw 30 to 100 attendees, depending on the program’s subject.

Residents who are subject-matter experts or knowledgeable in a given field are encouraged to consider teaching a class or presenting a program. Having residents teaching residents increases participation. Residents teaching residents increases participation. If interested in joining the CLL, attend a meeting of its board and committees, which are held monthly on the first Monday of the month at 10 p.m. in Clubhouse I. For more information, contact CLL president Lewis Reich at (LBReich@alum.mit.edu).

Stay Creative and Connected with the Art Guild

by Judy Kirkland

With Rossmoor Art Guild (RAG) classes and events on hold, members miss the encouragement and inspiration that come from sharing what they’re working on. The good news is that RAG has a Facebook page that can help its members bridge the gap until they can again connect in person.

In Facebook’s search bar, type RAG (Rossmoor Art Guild) and then click the “Join Group” button. Group members can upload photos – post your recent work, ask for input on works in progress, share images that might inspire new paintings and, most of all, let other members see photos of you.

In addition to photos, RAG would love to see posts on how its members are staying creative during this “quiet” time and any questions or information they’d like to share.

Artist Roundup

While RAG further builds up its Facebook group, here’s a quick roundup on what a few of its artists are up to as they stay close to home.

Marilyn Davis just completed an acrylic seascape in which sky and water explode with color. Fondly recalling her travels, Ann Bolt has painted a charming watercolor of an Italian man taking in the day from his window. With help from a saucy mermaid, Alexandra Michaels is turning an old board into a magical, decorative accent.

Sandy Greer says painting continues to lift her spirits, especially when news reports seem so dire. She’s also enjoying sitting outside in the sunshine, pulling weeds from among her lush stands of flowers.

With so many aspects of her busy life on hold, RAG instructor and nurse Doris Bryant has found more time for her own work. Her love of animals shines through the pastels she’s creating, including one of a regal black cat that literally glows. Artists who usually participate in Saturday morning Open Studio are at work on new paintings and drawings to reflect the next exhibit’s theme, “rain.” Laurie Burdick says she’d love to learn how to paint rain in watercolor and hopes RAG will have a workshop or class on that when the schedule resumes.

Contact Information

RAG has a strong arts community within Leisure World. In addition to creativity and a love of learning, members share genuine care for each other. If there’s something you need — supplies, encouragement, help of any kind — please let RAG know.

If you don’t wish to post a request to the Facebook group, simply reach out to RAG board members. Contact information is on the back page of the member guide, or contact RAG president Judy Kirkland at (301-938-3630) or (Kirkland.JQ@gmail.com).
Leisure World Captured by Digital Camera

by Fred Shapiro

With the coronavirus pandemic canceling the Rossmoor Camera Club’s meetings and programs, members can make use of the need to limit their travel and contact with others by focusing their cameras and iPhones on the beauty within Leisure World.

Club members have much to see and capture with their digital cameras. They can submit their photographs for exhibitions featured in Clubhouse I and other locations in the community.

The floral displays this time of year make for good close-ups, and the broader landscapes are also inviting. So too are the deer and the geese, as well as other wildlife that one encounters in the gardens, natural areas and the golf course.

To keep in touch with fellow Club members, email some of your photographs to (fshapiro@comcast.net) and they may appear in a future edition of the newspaper.

Camera Modes

Many photographers may ask themselves, “What modes or settings should I use to best capture the natural beauties of Leisure World?” Many members have their cameras set on automatic.

While this is an acceptable mode for most photos, try out modes that are designed to maximize an aspect of capturing an object or scene. For example, use the landscape mode when taking a scene requiring sharp focus from near and far, or use the close-up mode (flower symbol) for sharp images with an out-of-focus background. Use the sports mode to capture animals and birds. It’s best to keep your camera’s manual on hand to see what the different modes are all about.

Membership Information

The Club offers two levels of membership. Members who expect to compete in the monthly competitions pay dues of $25 for the year. Residents who wish to join the Club to learn more about photography but are not interested in competing pay dues of $15.

Mail checks for dues to Woody Shields at (Rossmoor Camera Club, 3200 N. Leisure World Blvd., Apt. 817, Silver Spring, MD 20906). For more information about the Club, visit (www.rossmoorcameraclub.com).

Enhancing Skills for Dancers at All Levels

by Ida Leong

The Club’s Saturday, April 25, dance was to feature the music of Mixed Company, but the coronavirus crisis has forced the cancelation of this event.

Enhancing Our Dance Skills

In the meantime, the Club is exploring long-range possibilities for occasionally offering beginner and refresher ballroom dance classes in Leisure World, conducted by highly experienced instructors.

Contact Club president Jim Leong at (jleong4035@aol.com) to express your preference for the types of dances, such as slow waltz, foxtrot, rumba, tango, cha-cha, East Coast Swing or West Coast swing.

For more in-depth instruction, some Club members have frequented local area centers, including Holiday Park, Margaret Schweinhaut, Jane E. Lawton, Le Papillon Dance, Glen Echo Park, Hollywood Ballroom and Avant Garde Ballroom. Hopefully, these centers will resume classes once the coronavirus crisis has passed.

Quarterly Meeting

When circumstances permit, the Club will hold a quarterly meeting. Members will brainstorm dance class possibilities and other ideas for enhancing the monthly dance events.

Membership

Membership in the Ballroom Dance Club is open to all residents. Residents can simply stop by the membership table at any dance and provide a check for $10 per person, payable to the Leisure World Ballroom Dance Club (LWBDC), which entitles members to a dance entry fee of $10 per monthly dance. The fee for non-residents and guests is $15 per monthly dance. Members are encouraged to invite their friends, neighbors and relatives to the monthly dances. All are welcome.

About the Dances

Dance to music from all eras including Broadway, country and ‘30s through current day pop tunes. Attendees are welcome to ask the bands for favorite tunes and if the bands know it, they will play it. A cash bar is available and guests may bring in snacks.

Suggested attire for dances held from September through May is dressy, with jackets and ties for the gentlemen and dressy outfits for the ladies. Warm weather dances held in June through August are more casual, with no ties or jackets required for the men and business casual for the ladies (no jeans).

The Club has two themed dances during the year — the August Hawaiian Dance and the October Halloween Dance. All dances are held on Saturdays from 7:30-10:30 p.m. in the Clubhouse I Crystal Ballroom. Reservations are strongly suggested to ensure a place at a table with friends, old and new.
Being a member of the Garden Plots Group has definite advantages during this uncertain time of isolation and social distancing because of the coronavirus. It is very easy to maintain a six-foot social distance while working in one’s plot. Members can perform their spring tasks in preparation for the growing season, enjoy the fresh air and listen to the calls of the various birds. Working in one’s garden can provide a special serenity.

Upcoming Meetings and Activities

The Group is abiding by the guidelines put forth by Leisure World management with respect to club meetings. The Garden Plots Group’s next meeting is scheduled for Tuesday, April 14, subject to the status of meetings and availability of Clubhouse I.

All other activities involving groups that had been planned have been canceled until further notice: seed exchange, new gardener orientation, shed master orientation and garden inspector orientation.

The Physical Properties Department began the spring process of preparing to turn the water on in the garden in late March. The process involves checking and replacing faucets and broken pipes, as needed, and connecting the hoses. The Group expects this process to be completed by Wednesday, April 15.

The unusually mild winter has allowed many members to work on their plots all winter. Group members are seeing new fences, bed preparation and various other activities in preparation for planting.

March Meeting

The Group held its first regular meeting of 2020 on March 10. Nominations were accepted for president and registrar because of the recent resignations of two board members.

Bob Malson, current vice president, was nominated to fulfill the vacant term of president through the end of 2020. Judy Elrod was nominated to fulfill the vacant term of registrar through the end of 2023. Voting for these two offices will take place at the Group’s next meeting.

Membership

The Group’s objective is to encourage gardening in Leisure World and to provide individual garden plots to those residents who wish to plant vegetables and flowers and enjoy the gardens in peace and harmony with their neighbors.

All residents who support the objectives of the Group are eligible to join. Members are plot renters. A list of available plots will be posted on the bulletin board next to shed 1 in the garden.

To submit an application, sign in to (residents.lwmc.com) and print a copy of the application, which is available at Your Community > Clubs and Organizations Information Pages > Garden Plots Group.

After indicating on your application your top three preferences, mail the application and a check, payable to Garden Plots Group, to (Judy Elrod, 15115 Interlachen Dr. #123, Silver Spring, MD 20906). Once the E&R office in Clubhouse I is open to walk-in traffic, all applications should be submitted to there.

LWAAAC members and friends donated $1,800 of the Mahalia concert refunds to the educational assistance project (EAP).

The Mahalia concert, which was canceled, had been designated as a scholarship fundraising event and all proceeds would have been provided to the EAP.

The EAP is a component of the community services committee and its purpose is to financially assist struggling, educationally ambitious students at the James Hubert Blake High School in Silver Spring, Maryland.

Trip Updates
The Arena Stage in Washington, D.C., notified LWAAAC on March 20, that all performances for its 2019/20 season are suspended.

The productions “Seven Guitars” and “Toni Stone” have been postponed to the 2020/21 season. Judy Robinson, treasurer, will issue refunds to all individuals who purchased tickets for the two productions.

The trip to see “Tina - The Tina Turner Musical” on Wednesday, June 24, in New York City has been canceled.

LWAAAC Information
Although LWAAAC meetings have been suspended during the coronavirus crisis, the operations and maintenance of the organization are ongoing. When necessary, the board consisting of elected officers and standing committee chairpersons will interact with members via telephone, email and postal service.

Members are reminded to notify LWAAAC of illness, disability, death or other situations affecting a member or that person’s immediate family by contacting Louise Langley, amenities chairperson, at (301-598-3876).

New Yorkers and Friends Group

New Yorkers and Friends Stay Positive
by Linda Mahler

With COVID-19 turning our normal lives upside down, some New Yorkers and Friends are finding enjoyable ways to spend their time. Jackie Stoller, for example, has been taking tours of old New York neighborhoods and favorite places on YouTube. She has ‘walked’ through Crown Heights, Rego Park, Jackson Heights and Old Bethpage, as well as favorite parks and beaches.

Bob and Mimi Schultz have watched the documentary “If These Knishes Could Talk,” which analyzes the development of the New York accent through its 300 years of mixed immigrant cultures. The documentary is highly recommended to fellow New Yorkers and Friends!

The Group hopes to be able to hold a “getting to know you” meeting in the not too distant future as the Group now totals 80 members and is still growing. The Group also looks forward to Alan Goldstein, Foundation of Leisure World board member and fellow New Yorker, addressing the Group in the future.

The Group’s thoughts and prayers are with everyone at this time as its members closely watch events unfold daily, including the massive shutdown on members’ home state of New York. The group is New York strong and, as the saying goes, “this too shall pass.” In the meantime, those who have ways of passing the time or some anecdotes for dealing with the situation should continue to share them with fellow members.

Republican Club

Club’s Focus Remains Congressional Candidates
by Fred Seelman

The Republican Club’s meeting scheduled for Tuesday, April 21, is canceled. The Club will give its members notice by phone or email regarding any potential future meetings.

If a meeting is held, the Club’s program would continue to be about the Republicans running for Congress in Maryland’s 8th Congressional District. Presently, the candidates are Gregory Thomas Coll, Patricia Rogers, Nicholas Gladden, Shelly Skolnick, Michael Vadeta and Bridgette L. Cooper. And since President Trump also is on the ballot, members could also raise matters involving him. For more information, see (www.donaldjtrump.com).

Members who want to circulate their opinions about the candidates among membership or have an idea for a meeting’s speaker should contact Club president Fred Seelman at (fseelman@gmail.com).

Members also can help the Club by working on Election Day, now Tuesday, June 2, at one of Leisure World’s three precincts: Clubhouse I, Clubhouse II or The Inter-Faith Chapel.

Members who want to circulate their opinions about the candidates among membership or have an idea for a meeting’s speaker should contact Club president Fred Seelman at (fseelman@gmail.com), or call first vice president Robert Kammer at (301-847-9820).

Democratic Club

Keeping Our Eyes on the 2020 Prize
by Roger Blacklow

Staying indoors because of coronavirus is a good time to write letters encouraging voter turnout, especially in battleground states.

While the Democratic Club doesn’t know when its next event will occur, it remains focused on several goals. These include restoring what it believes to be dignity and competence to the White House, making Senate Majority Leader Mitch McConnell part of the minority – or, better yet, defeating him in his upcoming re-election fight, and fighting against voter intimidation and suppression at the state and local levels.

Here are some suggestions from like-minded organizations. First, here is a portal from “Swing Left” for writing, calling and communicating with fellow Democrats in battleground states: (https://swingleft.org/take-action).

Second, the link below takes you to “Indivisible,” a progressive, political action group. The Democratic Club has coordinated with them many times. The webpage includes a menu of options, including organizing at a social distance, using “Zoom” (video conferencing) and more: (https://docs.google.com/document/u/0/d/1jnu4owP3CujkQFlnTdpnqT6eDKUJLYvzYsqxzx8OxfE/mobilebasic).

Let’s keep working. Let’s keep winning. The 2018 midterm elections opened the gate.
Club Cancels Luncheon and Appeals for Donations

by Carole Mund

I t is with regret that due to the ongoing concerns about the coronavirus, NA’AMAT is canceling the annual spiritual adoption luncheon. Needless to say, special caution is necessary to keep residents safe.

The spiritual adoption luncheon is a major fundraiser for the organization. Spiritual adoption is about funds to support or “spiritually” adopt children. The donor luncheon which had been tentatively scheduled for Thursday, May 14, at Manor Country Club is canceled. The trip to Dover Downs Hotel and Casino in Delaware is also canceled.

Helping Children and Teens

NA’AMAT is the largest provider of childcare in Israel. NA’AMAT not only provides the physical facilities, but also continues to provide the staff and the necessary supportive services for each child. The early childhood program enhances the lives of 17,000 children in more than 200 daycare centers. The innovative and educational programs recognized worldwide provide a secure environment to meet the individual needs of children.

NA’AMAT welcomes all children, with tuition based on the family’s ability to pay. Many are children of recent immigrants who have come to Israel to escape terror and repression in their native countries. Even with this sliding scale, there are children who live below the poverty line and cannot even afford the subsidized fee. NA’AMAT raises funds to support these children. The Club’s purpose in Leisure World is to raise additional funds to support or “spiritually adopt” these children.

Another educational aspect essential to NA’AMAT’s mission is its focus on teenagers. NA’AMAT’s technological network serves some 3,500 students in 20 high schools. Most of the students are at-risk and are unable to function in the traditional classroom setting. These students are given a last chance opportunity to complete their education and become contributing members of the Israeli society.

All of the students are from low-income families who come from marginalized groups. NA’AMAT offers vocational training in photography, communication, mechanical engineering, dental technology and more. Each and every individual deserves the right to reach their genuine potential.

Make a Donation

Children are the hope for the future. As Passover approaches, we recall that it is the responsibility of the adults to set an example for the children. “From generation to generation” is the underlying theme of the Haggadah service. So, consider making a donation to “spiritually” adopt children who will become our future leaders.

Any amount makes a difference. Mail checks, payable to NA’AMAT RBZ, to Harriet Chaikin at (15101 Interlachen Dr., Apt. 216, Silver Spring, MD 20906).

Hadassah Cancels Activities Through April

by Barbara Eisen

H addassah has canceled all of its regular program meetings and the Judaic Study Group discussions in April.

Elaine Schenberg and Jan Bloom sell Hadassah greeting cards. The prices are $3 each for one to three cards and $2.50 each for four or more cards. Call Elaine at (301-598-0079) or Jan at (301-593-7720) to buy cards. They will even send them for buyers who add postage costs to the regular fees.

Larelnda Gruber, available at (301-598-5922), is chair of Youth Aliyah/Children at Risk. This project helps disadvantaged children in Israel. The goal is to create a circle of $1,000, made by individual contributions of $40. Send donations to Larelnda at (3200 N. Leisure World Blvd. #201, Silver Spring, MD 20906).

Jewish Discussion Group

April 26: Discussion Session Canceled
by Jerome “Jerry” Cohen

Because of the continuing threat of COVID-19, the Sunday, April 26, Jewish Discussion Group session is canceled.

On a date to be determined as circumstances warrant, Paul Bessel will give a presentation in honor of the 72nd anniversary of Israel’s Independence Day.

The Group will hold no more regularly scheduled discussion sessions. Group moderator Jerry Cohen may hold future meetings from time to time for special events. The Group’s attendance has grown from about 10-12 regular attendees just two and a half years ago, to an estimated 100 attendees at the most recent session held in February. It has been a privilege to serve as the Group’s moderator.

A special thanks to Paul Bessel, Judy Friedman, Jerry Leventhal, Leah Weisman and Bernie Zycherman, all of whom have helped out on a regular or occasional basis. And thanks go to the many dedicated attendees who participated in the monthly discussion sessions.

Inter-Faith Chapel Closed but Worship Continues
by Bonnie Bonner

At this time, The Inter-Faith Chapel anticipates further cancelations of worship services and activities during a time when worshippers typically celebrate Easter joyously.

Each week, Sunday services are re-broadcast on Leisure World channel 972 on Wednesdays at 2 p.m. Currently, the Chapel plans to continue broadcasting inspirational messages at that time, either a newly recorded message or a previously recorded seasonal service.

Residents may also visit the Chapel’s website at (www.interfaithchapel.org) for personal devotionals, prayer and Bible study resources. Click on the Spiritual Enrichment tab at the top of the home page.

The Chapel’s monthly newsletter, the April Courier, is posted on the website and may be viewed by clicking on View Monthly Newsletter on the home page. The Courier contains personal worship materials for Good Friday and Easter Sunday.

The Chapel is closed to resident traffic. Call (301-598-5312) for assistance.

**Jewish War Veterans Krieger-Loube Post 567**

**April 5: Brunch Canceled**

*by Jerome “Jerry” Cohen*

Because of the threat of the COVID-19 (coronavirus), the Sunday, April 5, brunch has been canceled.

Anyone who has mailed in a reservation check may receive credit toward a future Jewish War Veterans (JWV) Post 567 brunch to be held later this year. The status of the scheduled brunches for Sunday, May 3 and June 7 will be confirmed or canceled as circumstances dictate.

**Post Information**

The Post’s name change request to “Jewish War Veterans Krieger-Loube Post 567” was officially approved by the National Executive Committee at their semi-annual meeting held at a conference facility in Crystal City, Virginia in February.

Past Commander of Post 567 Danny Bass was the driving force in initiating and arguing for the name change in memory of his close friend, Milton “Macky” Loube. For years, Commander Loube and his family provided leadership and performed many of the Post’s administrative functions.

Two new categories of regular membership were recently added by the JWV national governing organization. Those who have served in the U.S. Public Health Service Commissioned Corps or in the National Oceanic and Atmospheric Administration Commissioned Officer Corps are legally recognized as veterans and are now eligible and are encouraged to join the Post.

For additional information, questions about membership, to be added to Post 567’s email notification and e-newsletter list or to make donations to the Post in honor of or in memory of someone, contact Post Commander Jerry Cohen at (240-970-5024) or (jeromeacohen67@outlook.com).

**Rossmoor Women’s Club**

**Annual Scholarship Luncheon Tentatively Planned for May**

*by Marcia L. Etbrand*

The Rossmoor Women’s Club’s (RWC) mission “to foster social interaction, promote volunteerism and support specific charitable organizations” becomes massively more important as community needs increase.

With that in mind, the RWC is tentatively planning to hold its annual scholarship awards luncheon on Wednesday, May 13, at Manor Country Club. The Club awards scholarships to college-bound female high school students from Blake High School.

The luncheon will include a festive Mediterranean buffet featuring classic Greek salad, hummus and grilled pita chips and baked orzo pasta with spinach and feta cheese. Luncheon entrees will include such choices as chargrilled lemon oregano chicken and herb-roasted New York strip loin with red wine au jus. A new dessert, banana chocolate chip bread pudding with vanilla sauce, is planned.

The cost to attend the luncheon will be $35 per person, and both members and their guests are welcome. In light of current circumstances, those hoping to attend might be wise to wait until closer to the Friday, May 8, reservation deadline to submit checks.

Updated information regarding the luncheon, and other pertinent information, will be sent by email to RWC members.

Make a Donation

Meanwhile, RWC treasurer Peggy Sullivan reminds readers that in trying times, individuals seeking to do something helpful for the community are welcome to send donation checks, payable to Rossmoor Women’s Club, to Peggy Sullivan at (3743 Glen Eagles Dr., Silver Spring, MD 20906).

If you want the gift to support a single charity, note that on the check’s memo line, or enclose a note to that effect. Otherwise, the RWC’s board will determine the allocation of the unspecified donations.

When the board resumes its open monthly meetings, which are held on the second Monday of the month at 10:30 a.m., it will vote on increasing its budgeted donations to several specific local charities.

The Club provides annual scholarships to college-bound Blake High School senior students, as well as support to Montgomery Hospice/Casey House, the Betty Ann Krahne Center and the Head Start pre-K class at nearby Harmony Hills Elementary School.

Within Leisure World, the Club helps support social services, the library in Clubhouse I, Fireside Forum and the Committee for the Homeless and Working Poor.
GIAC Cancels All Activities but Encourages Communication via Phone

by Elizabeth Brooks-Evans

The Going It Alone Club (GIAC) usually meets every Saturday from 2-4 p.m. in Clubhouse II.

However, because of the seriousness of COVID-19 (coronavirus), the Club is following guidelines and recommendations from federal, state and local government by suspending all activities for the time being and urging Club participants to stay at home for their own health and safety.

While GIAC and other clubs and organizations have suspended activities and can no longer meet in person, Club president Elaine Strass urges GIAC members to use their telephones to stay in touch with friends and neighbors. Studies have indicated that a friendly call can be priceless to an older person who is home-bound. Meanwhile, may all GIAC members stay informed, stay vigilant, stay home and stay safe until they meet again.

Sometimes the Club gets together to play board games. Other times its members watch movies together in the Clubhouse II auditorium or at a local theater.

Club members also like to walk together. Members who attend events in Clubhouse II are asked to bring snacks to share, and the Club provides water and soda. Because the Club meets in Clubhouse II, members can, if they like, bring their own alcoholic beverages.

A lot of members really enjoy traveling to Toby’s Dinner Theatre in Columbia for a delightful buffet meal and a great musical performance.

Doing it by the Book

by John Moens

Bre vity – Words are meant to be valued and not frivolously wasted.

The unchallenged apex for brevity was set by a French author and his publisher in the 19th century. The author wrote a letter to find out how the sales of his book were going. When the publisher opened the envelope, he found a small slip of paper with a question mark. The publisher responded with an exclamation point. “Les Misérables” was a hit.

The Writers of Leisure World achieved its own form of brevity by not meeting on March 19.

Lessons of Life

Last year, the Club published a book, “Lessons of Life: Wisdom from an Ageless Generation.”

Each of the book’s 15 authors from diverse backgrounds contributed a chapter covering the joys, sorrows and mysteries of life. Personal biographies of life-changing events include times of war and peace, death and birth, and crisis and redemption. Poems and essays provide first-person accounts of prejudice, autism, AIDS and the struggle for the equality of the sexes. In stark contrast are inspiring stories exposing the love of people from different cultures across the U.S., South America, India and Asia.

The book begins with the autobiographical “An Extraordinary Life” by Lee Hardy. Joannie Friedlander, an artist and writer, looks back on her life in “My Amazing Life.”

Lithuanian-born Danuta met Carlos Montorfano in medical school in Buenos Aires. Contrary to the prescription that laughter is the best medicine, they make the case for an alternative in two chapters of love poems.

Grace Cooper has published many books and articles. Her selection of poems, each using a minimum of words, are like viewing abstract art. The reader completes the picture with his or her own experiences and insights.

Gladys Blank reminds the reader that “Remembering the Good Times” is a way to get through the not-so-good times. The story seems very timely as we reflect on the good times way back when (February, was it?).

Pertaining to her native Indian culture, Radha Pillai’s poetry and prose make one imagine. After one ponders a thousand-year-old Banyan tree, get ready for the oft-asked question, “What will heaven be like?” If that does not challenge the soul, she inquires, “What will we be like?”

World traveler Jane Hawes takes readers camping in San Francisco, tumbling in Japan, for a cold beer at “The Top of the Tang Fang” hotel in Hong Kong, to a junk, a Chinese sailboat, on the South China Sea and navigating crowds in Sri Lanka.

From his pending book “Whitetail Widow,” Woody Shields provides the answer to one of the great philosophical questions of our time, “Is Deer Hunting Really Better than Sex?”

The final chapter shares the poetry of Bobbie Troy. She published her first poem at age 62. “Dear Diane,” included in the book, was nominated for the 2010 Pushcart Prize.

The Club’s book is available in the library in Clubhouse I and on (www.amazon.com) in both paperback and eBook formats.

Family Owned & Operated
Serving Montgomery County
During this Time of Social Distancing, Learn How to Use FaceTime and Disinfect Your Devices

by Ron Masi

All LW Apple Club activities are canceled until further notice.

Using FaceTime

At a time when people cannot see family and friends in person, Apple users should learn how to use FaceTime, an Apple device app that allows the user to video talk. Apple uses end-to-end encryption, so the user’s calls are not recorded and no part of a user’s calls are sent to or stored by Apple.

FaceTime is easy to use and free when used with a wi-fi/internet connection. Data rates may apply when using cell phone towers. Although other non-Apple apps provide this service such as Skype, the big advantage of FaceTime is its security and, if a user needs help, he or she can call (1-800-MY-APPLE) for tech support.

Here are the basics to get you started.

The following information is condensed from an extensive group of videos on (www.YouTube.com) by TechBoomers. For more details, go to (www.YouTube.com) and type “using FaceTime” in the search bar.

If FaceTime is not already set up on your iOS (iPhone or iPad), go to Settings > FaceTime > Toggle “FaceTime” to Green > “Use Your Apple ID for FaceTime” appears – tap on it. If asked, sign in to your Apple account.

For Macs, open the FaceTime app (Cmd + space > start typing FaceTime) or click on icon if in the “dock.” If FaceTime is not on, click “turn on.” Enter your Apple ID and password if asked. Forgot your password? Go to (https://appleid.apple.com).

To make calls on Mac or iOS, ensure the recipient has FaceTime enabled, and then:

1. Open FaceTime > enter their email or phone number
2. Select Video or Audio
3. Connection may take a little longer; be patient.
4. Say hello and enjoy.

Some basic control icons during the call:

- Mic icon: toggles mute on and off
- Red phone icon: ends call

Tip: If you have your FaceTime’s recipient in Contacts, you can make the call directly from there. Find them in Contacts and tap the FaceTime icon under their name.

Disinfecting Your Device

Apple users may use a 70 percent isopropyl alcohol wipe or Clorox disinfecting wipe on their Apple product, gently wiping its hard, nonporous surfaces such as the display, keyboard or other exterior surfaces. Don’t use bleach, avoid getting moisture in any opening and don’t submerge the Apple product in any cleaning agents. Apple products are made with a variety of materials, and each material might have specific cleaning requirements.

Here are some cleaning tips that apply to all Apple products:

- use only a soft, lint-free cloth
- avoid excessive wiping, which might cause damage
- unplug all external power sources, devices and cables
- keep liquids away
- don’t spray cleaners directly onto the product

Chess Is Not Immune – Members Encouraged to Play via Phone or Email
by Bernie Ascher

During this serious national emergency, with business and school closings; cancelation of sports, entertainment and meetings; and avoidance of crowds and human contact, a dose of comic relief could help, as intended in this article.

Arrival of the coronavirus presents a challenge to hypochondriacs. Now they can perceive that they have a disease no one has ever had before, but they find it difficult to explain the symptoms.

Hypochondriacs are people who strongly believe they have a particular disease and are excessively and unduly worried about it. Healthcare workers use a new term for this condition: “illness anxiety disorder.”

Generally, doctors treat hypochondriacs with placebos, but sometimes they actually prescribe medicines. Hypochondriacs are not very organized. They have no support group, such as Hypochondriacs Anonymous. Many famous people have suffered from the disorder, but nobody has ever died from it.

Howard Hughes, the well-known aviator, engineer and billionaire filmmaker, was a notorious hypochondriac. As described in a 2011 blog by Kevin Forde, Hughes “holed himself up in hotel rooms for months on end, just to be on the safe side... He picked up everything with tissues to insulate himself from germs and obsessed over dust and dirt on other people’s clothes, demanding they remove it... When he refused to leave a hotel for fear of going back into the outside world he could simply buy the property.”

Forde also reported that Charles Darwin, who developed the Theory of Evolution, “loved water cures for his perceived ailments. He would take cold baths and wrap himself in wet sheets. He also kept meticulous records of his own flatulence – intestinal gas being a persistent fixation for hypochondriacs through the ages.”

Hans Christian Andersen, the fairy tale storyteller, feared that a small spot above his eye would spread to cover his entire face and that it would rupture.

Adolf Hitler, the Nazi dictator, had mood swings and worried about Parkinson’s disease, gastro-intestinal ailments and skin problems. He always traveled with his doctor, who treated him with cocaine, amphetamines, glucose, testosterone and cortico-steroids (e.g., Prednisone).

Joseph Stalin, who ruled the Soviet Union for more than two decades, was concerned about “chronic tonsillitis, psoriasis and rheumatic aches from his [left] arm,” which became deformed after a childhood accident, as noted in Simon Sebag Montefiore’s book “Stalin: Court of the Red Tsar.”

Florence Nightingale, regarded as the founder of modern nursing, suffered from “nervous fever” and spent most of her later years in bed, according to Sean Lang, author of “British History for Dummies.”

“Russian composer and conductor Pyotr Ilyich Tchaikovsky suffered from hypochondria. He had an extreme fear that if he didn’t hold on to his chin while conducting his head might fall off! He also refused to drink anything but bottled out of fear of catching a disease,” according to an article published by the Welsh National Opera last year at (wno.com.uk).

Several chess players were hypochondriacs. Frank Bundy’s book “End Game” indicates that chess champion Bobby Fischer lost his reputation after 1972 through “hypochondria and failure to play competitive chess” for 20 years thereafter. Another chess champion, Mikhail Tal, a Soviet Latvian, also was a known hypochondriac.

In the diagram on this page, what is Black’s best move?

The solution follows this message that chess players are not immune from disease. In keeping with the practice of “social distancing” to prevent the spread of the coronavirus, regular meetings of the Chess Club in Clubhouse II are canceled until further notice. Members are encouraged to play one another by phone or by email.

SOLUTION: Black moves the Rook to f1. Checkmate!

So, do not wait for testing. Do not wait for a vaccine. Do not wait for a cure. Play chess now! (Remotely, of course.)
Several sports and games have been canceled or postponed due to COVID-19 (coronavirus). To check on the status of a sport or game, watch channel 972 or contact the sport or game leader directly.

Call Lisa Zarou at (301-814-0029) or Flora Wolf at (301-598-5807) to join as a substitute or regular bowler.

REHABILITATION
RETURN TO THE LIFE YOU LOVE

INDEPENDENT LIVING ASSISTED LIVING REHABILITATION
LONG-TERM CARE MEMORY SUPPORT
As we enter into the holiest week of Christendom (April 5-12, April 12-19 Orthodox), we are reminded that Easter is, above all, a celebration of Hope, the beginnings of the fulfillment of the Promise of everlasting Life, the Promise of Glory that follows trials and suffering. Especially as we await relief from the effects of the COVID-19 virus, we offer to each other the same promise of Hope, confident in the Maker of that promise.

We also wish grace and peace for all those who will celebrate the Passover April 8-16.
