Board Passes 2018 Budget Assumptions

by Stacy Smith, Leisure World News

The Leisure World Community Corporation (LWCC) board of directors approved the 2018 budget assumptions as amended at its June 27 meeting.

The board approved the Budget and Finance Advisory Committee's recommendation for \$30,785 to complete several projects throughout the Administration Building and both Clubhouses, including mold assessment abatement and ceiling tile replacement in the Administration Building's bank space, at a projected cost of \$11,785.

Signal Financial Federal Credit Union is contracted to occupy the space beginning in August, with an ATM slated for installation in the Administration Building's lobby in mid-July, and a potential additional ATM in Clubhouse II.

Projects also included in the motion are funding for the installation of automatic door operators on the two exterior doors of the Clubhouse II Activities Room and the exterior main entrance to the Terrace Room, at a projected total cost of \$19,000.

Funding for the projects will come from the Contingency Fund. Prior to this expenditure, the year-end balance of the Fund was estimated to be \$300,000. The Contingency Fund is reserved for unforeseen expenditures.

Funding Changes

Facing a potential three to four percent increase in resident fees, the board voted to contribute \$60,000 to the Snow and Storm Fund, a reduction of \$20,000 from the initial proposal.

In a very close vote, which required a roll call vote to determine the weighted vote, the board approved a motion to designate \$192,400 for the Capital Equipment Fund.

The board approved a motion to contribute \$415,000 to the 2018 Facility Replacement Fund, and a motion to contribute \$30,000 to the 2018 Contingency Fund.

Fitness Center

The board voted to rescind an earlier resolution which would have authorized \$64,000 from the 2018 Facilities Maintenance Plan to make improvements to the existing Fitness Center and Game Room. Several members stated that further discussion on room usage in Clubhouse II will come later.

A motion to approve an annual user fee of \$100 for use of the new Fitness Center was defeated, with just six members in favor of the motion.

Proponents of the motion argued that charging a fee for use of the new Fitness Center, which is scheduled to open in mid-September, would generate an estimated \$20,000 to \$40,000 annual revenue.

However, several board members felt that enacting an

A Behind the Scenes Look at Leisure World's Annual Parade

by Stacy Smith, Leisure World News

Red, white and blue banners stream down the entrance of Clubhouse I, the speaker's podium is set up at Veteran's Park, and spectators pile into rows of folding chairs as one of Leisure World's most beloved traditions gets underway.

Every year, Leisure World's 4th of July parade brings together neighbors, families and friends as they stand along Leisure World Boulevard to cheer on club members, other mutuals and organizations, and local politicians.

The easy panache and timing of the parade and program belies the effort placed into

coordinating its details. For the last 38 years, Dee Marty-nuska, Director of Education & Recreation, has helped plan and organize the day's events, and is behind the scenes on the day of making sure it all runs smoothly.

She does a bit of everything – from helping to find a grand marshal and guest speaker among Leisure World's nearly 8,000 residents, to keeping Brownsville Cornet Band members from "melting" during the outdoor program by distributing refreshments and cookies.

At 7 a.m. on parade day, when most are still sleeping or making their first pot of coffee,

Martynuska is in her office finalizing last minute details, and often grappling with the day's ficklest variable, the weather.

"That's the scariest thing,"

she said. "You get up in the morning and you think, 'It's overcast, it's cloudy. They're calling for rain; do you think we'll make it?'"

She recalled one year when the clouds burst open just as the parade took off.

"It [sky] looked threatening, but everybody was lined up and ready to go. Well, it poured."

Martynuska was riding in a top-down convertible car, and as the driver placed the top back up, a gush of rainwater fell on her head. She spent the rest of the program in

soaking wet clothes, the Clubhouse II auditorium air conditioner blasting her with cold air. The memory of it makes her laugh.

She said her years of experience have taught her how to gracefully handle any hiccup or last-minute change of plan.

As Martynuska goes about parade day, gently asking marchers to keep a steady pace, reminding politicians to stay in their cars, or just keeping an eye out for everyone's safety, she employs a tactfulness that can be difficult to muster in triple-digit heat. But she barely breaks a sweat.

Preparation for the parade begins in March, when a small committee of staff and residents gather to write and send out invitations to the event.

She said that during the parade's earlier years, it was harder to find a keynote speaker, which the committee asks be an armed services veteran. "Many don't want to talk about their experiences," she said.

Martynuska believes she knows why residents are drawn to the parade year after year.

"They're just really proud of their community and proud of their country. I think we're just thankful to live in the country we live in, and I think they take pride in that," she said.

As the program draws to a close, a somber bugle plays the final phrase of "Taps." The crowds begin to part, and Martynuska quietly treks back to Clubhouse I, another successful July 4 concluded.

annual fee might discourage residents from using the new facility, which is under construction at a total cost of more than \$2 million.

A motion to approve \$100,000 in additional funding for the project to address issues related to the existing sprinkler and fire alarm systems and installation of a security camera system passed.

Solicitations and Petitions

After debating a draft of policies and procedures regarding the solicitation, petitioning and similar activities at Leisure World, a motion was approved to postpone taking action on the document until it has been subject to legal consultation.

Other Action Items Resolved:

- A motion to eliminate \$31,000 from the Facilities Enhancement Plan's (FEP) budget for asphalt, sidewalk and curb repair and replacement failed, with just six in favor.
- A motion to add windows, doors and insulation to the list of projects covered by E-ratings changes was defeated. "E-ratings are not an accurate reflection of energy that is used," said Jolene King, assistant general manager for facilities and services.
- The board passed a motion to renew the property and casualty insurance program with a total estimated annual premium of \$2,431,412, an increase of two percent. The existing coverage expires in August.
- A motion to reduce the Leisure World Management Corporation's employee salary increment from 1.75 to 1.7 percent was soundly defeated.
- The board passed a motion to install a "Caution Hidden Exit" sign in the median strip of North Leisure World Boulevard, adjacent to Mutual 17B.

Staying Safe During Summer Heat

by David Darr

Summer heat and humidity bring with them the possibility of heat-induced health problems. Most problems occur because a person has been overexposed to heat or has over-exercised for his or her age and physical condition.

Older adults are especially more likely to have issues. Problems can occur when playing golf, gardening, jogging, walking or just sitting in the sun — enjoyable, summer activities.

Weather Conditions

Conditions that can further induce heat-related illness include stagnant atmospheric conditions and poor air quality. Heat wave and heat index are often used to describe conditions associated with extreme heat.

A heat wave is a long period of excessive heat, often combined with excessive humidity. A heat index is a number in degrees Fahrenheit that tells how hot it feels when relative humidity is added to the air temperature.

Potential Health Issues

Sunburn:

- Symptoms – Skin redness and pain, possible swelling, blisters, fever, headaches.
- First aid – Take a shower to remove oils that may block pores, preventing the body to cool naturally. Apply dry, sterile dressing to any blisters, and get medical attention.

Heat Cramps:

- Symptoms – Muscular pains and spasms, usually in the leg and abdominal muscles; heavy sweating.
- First aid – 1. Get to a cooler location. 2. Lightly stretch and gently massage affected muscles to relieve spasms. 3. Take sips of up to a half glass of water every 15 minutes. 4. Discontinue liquids if nausea occurs.

Heat Exhaustion:

- Symptoms – Heavy sweating but skin may be cool, pale or flushed; weak pulse. Normal body temperature is possible, but temperature will likely rise. Fainting or dizziness, nausea, vomiting, exhaustion and headaches are possible.
- First aid – 1. Lie down in a cool place and loosen or remove clothing. 2. Apply cool wet cloths and fan or go to an air-conditioned place. 3. Take half a glass of cool water every 15 minutes but discontinue if nausea occurs. 4. Call 911 if vomiting occurs or if you are not sure of applying first aid.

Heat Stroke:

- Symptoms – High body temperature (105 degrees Fahrenheit); hot, red, dry skin; rapid, weak pulse; and rapid shallow breathing. Sweating is unlikely to occur unless it's from recent strenuous activity. Possible unconsciousness.
- First Aid – If you have these symptoms or encounter someone who does, call 911 and follow instructions.

Leisure World Decision Making is Undemocratic

Some very serious – and fundamental – issues were raised in the Leisure World board of directors' nearly unanimous refusal to implement a community-wide referendum on the Administration Building project.

The article in the June 2 edition of Leisure World News fails to mention that a petition

in support of the referendum contained 550 signatures – a not inconsiderable number, given the difficulties of collecting signatures. More disturbing still were the rationales for rejection given by the quoted board members, who emphasized that the board alone was empowered to make such decisions, and that to accede to the referendum request would set an undesirable precedent. This last point is especially contentious, since a project of this magnitude, (reliably?) estimated to cost \$7+ million, is a rarity hereabouts and

therefore could be said to merit full community approval before going forward.

The most disturbing part of the story, however, was the contention by one board member that “[w]e have a representative type of government, and this [resolution] really goes to the very heart of a challenge to that.” In my opinion, “going to the very heart of that” is exactly what is needed. Doing so would reveal that Leisure World does not in fact have a representative government, given that board members are not directly elected by their alleged constituents, but rather by the mutual boards of directors. And, according to the existing Leisure World Community Corporation (LWCC) bylaws, LWCC board members must be selected only from among current or former members of mutual boards, unless a waiver is granted.

This was precisely the type of undemocratic arrangement that prevailed in the election of U.S. senators up until 1913. Article I of the U.S. Constitution mandated indirect election of U.S. senators by state legislators. As the official Senate explanation notes, the Article I stipulation was adopted because it was “expected that senators elected by state legislatures would be able to concentrate on the business at hand without pressure from the populace.” In other words, it was considered to be a good thing that average citizens were denied participation in their own government! The XVII Amendment rightfully negated this assumption for American citizens, except in isolated places like Leisure World of Maryland.

– David Katz

Play Golf!

I wish that many more of my fellow LW residents would take advantage of a wonderful amenity that is right here on campus and which they pay for in their monthly Community Facilities Fees. I'm talking about our beautiful golf course and, in my opinion, playing golf is not only good exercise but is also great fun.

I'm concerned that there might be some misconceptions about the golf course. For example, I have heard some LW residents express their understanding that one has to be a member of a club to play on the course. Nothing could be further from the truth. Any resident of LW, as well as their family members and their friends, may play golf here by paying a very reasonable fee for each round played.

We have an 18-hole course, but many people prefer to play only 9 holes and this option is always available. Fees are adjusted appropriately. Carts are available for rent, but many players opt to walk the course and carry their clubs or use a pull cart. Again, this option is always available. If you need more details, they are available from Golf Pro Richard Rosenthal (301-598-1570). Richard also offers private lessons for all levels of players and is planning to offer group clinics in the near future.

If you just want to tune up your game or get some exercise, the facilities include a driving range, a putting green, a chipping green and a bunker to practice those tough sand shots.

In short, it's your golf course, so get out and use it!

■ Ballroom Dance Club

July 22: Dance to The Esquires

by Joyce Hendrix

The Ballroom Dance Club invites all members and guests to dance to the music of The Esquires, led by vocalist Chuck Conner, on Saturday, July 22, from 7:30-10:30 p.m. in the Clubhouse I Crystal Ballroom.

Several of the musicians in this trio have been making music together since 1962. They became known as The Esquires in 1972 and have been playing for weddings, seasonal parties, dances, bull roasts and crab feasts together and separately ever since.

The original bassist, Chuck Meyers, is back with the group. On drums, since 1995, is Jimmy Bryant. The Esquires have provided dance music for the ballroom

dancers for the past 20 years.

Suggested attire for the summer dances is dresses or pantsuits for the ladies and collared shirts and slacks for the gentlemen. Dance reservations are available with Irmgard Patrick at (301-598-2984). Reservations

are necessary to ensure that you will be seated with your friends. Seating capacity is limited to 12 tables of 10 people each.

A cash bar is available at each dance and dancers are welcome to bring snacks for their table.

Residents may still become members for \$10 annually, which entitles you to pay the admittance fee of \$10 per person at each dance.

Non-members and guests pay \$15 per person for each dance.

July 18: Guitarist Plays Latin Favorites

Guitarist Richard Miller performs your Latin favorites on Tuesday, July 18, at 7 p.m. in the Clubhouse II auditorium. There is still time to purchase tickets to the show.

Brazilian-born Miller is a master of the Bossa Nova style, but his repertoire includes not only Brazilian styles (choro, samba, bossa nova, forró, etc.), but American jazz, Latin American styles (salsa, bolero, tangos, etc.), and classical

guitar as well.

Miller teaches music theory and ear training at Columbia University. In 2015, he joined the Afro Latin Jazz Alliance (ALJA) as director of education programs. When not teaching, Miller also tours with two groups of musicians, the Brazilian "Choro da Manha" and the Ukrainian "Gerdan."

Tickets are \$7 per person and on sale in both clubhouse E&R offices. Please bring your Leisure World ID.

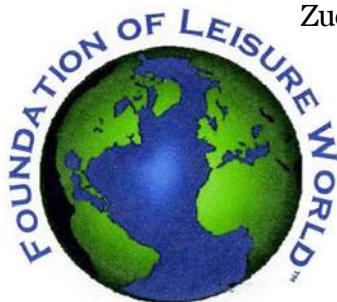

■ Education and Recreation Department

Aug. 12: An Evening of Comedy Cabaret

Get ready for an evening of side-splitting fun on Saturday, Aug. 12, at 7 p.m. in the Clubhouse II

auditorium. This husband and wife team performs an original, all comedy cabaret act, with Sandy singing as Richard plays piano, that will have you laughing out loud.

They have been described as a blend of Tom Lehrer, Victor Borge, Madeleine Kahn and PDQ Bach. Or, if you will, Captain and Tenille, Nichols and May, George Burns and Gracie Allen. Cabaret Scenes Magazine calls their show "A Musical Saturday Night Live...One helluva rib-tickling night out!"

Richard has played for such megastars as Tom Jones, Joel Gray, Martha Raye, Diahann Carrol, Clark "Mumbles" Terry,

Wesla Whitfield, Pinchas

Zuckerman and Dame Janet Baker. He was the associate conductor for the third national Broadway tour of "Annie" and has played with the San Francisco Symphony, the San Francisco Opera and the San Francisco Ballet.

Sandy spent 11 years on the regional musical theater circuit out of New York City after

receiving her master of music degree at Manhattan School of Music.

This special evening is co-sponsored by the E&R Department and the Foundation of Leisure World. Tickets are \$10 per person and go on sale in the E&R office in both clubhouses at 8:30 a.m. on Tuesday, July 11. Please bring your Leisure World ID.

The Foundation of Leisure World is a 501(c)3 organization that was established for charitable, health, educational and cultural purposes. Contributions to the Foundation may be claimed as deductions on income tax returns to the extent permitted by law.

While others are vacationing, Café AIM continues to bring the best in music to Leisure World. All concerts are scheduled the second Friday of every month through late winter 2018.

Arts In Motion (AIM) books only professionals who have dedicated their lives to their art form. Our performers are not weekend musicians. They are disciples of syncopated improvisation, more commonly known as jazz or American classical music.

Thad Wilson Jazz Orchestra

On Friday, Aug. 18, Thad Wilson brings his 10-piece orchestra with vocalist Steve Wilson to Café AIM for the first time. The performance will be an evening reminiscent of the big-band era.

Tickets, \$25, are on sale in the Clubhouse I E&R office, checks only payable to AIM. The temporary price increase reflects the cost to pay 11 professionals for the evening. And as usual, hors d'oeuvres and snacks are included. Cocktails begin at 6 p.m., and the show starts at 7 p.m.

■ **The Inter-Faith Chapel**

July 10: Chapel Screens 'Queen of Katwe'

by Bonnie Bonner

The Inter-Faith Chapel offers free summer movies on the second Monday of the month through September, at 1 p.m. Tickets are not required. Each movie is a story of inspiration and faith. On Monday, July 10, the Chapel screens "Queen of Katwe" (2016, 2 hours 4 minutes, biography, rated PG).

The movie is based on the true story of Phiona (Madina Nalwanga), a Ugandan girl

who discovers she has the talent to become a master chess player.

Through a series of personal challenges — and with help from family and friends — Phiona becomes a hero to her countrymen and an inspiration to anyone facing great trials in their life.

In many ways, the movie offers an honest look at humans as we struggle to find God even amidst a difficult chess match. The film stars Golden Globe nominee David Oyelowo and Lupita Nyong'o.

We will stop at several stunning Swiss destinations such as Zurich, St. Moritz, Lucerne and Geneva. The travel video, "Real Rail

Adventures: Swiss Grand Tour," is hosted by Jeff Wilson with photography by Emmy-Award winning photographers. Light

refreshments are served immediately following the video. There is no charge to residents or their guests for either the video or the refreshments.

Please note, however, that the Foundation survives only on residents' contributions. We are a 501(c)3 organization, so donations are tax exempt.

Sebastián and Costa unexpectedly land themselves in a moral crisis when they and their crew arrive in Bolivia during the intensifying 2000 Cochabamba protests, which their key native actor, Daniel (Juan Carlos Aduviri) persistently leads.

Customer REVIEW on Zillow

This is the fifth home I've sold in my life, and Barbara Michaluk is probably the best realtor I've ever had. Her market research was thorough and accurate, she gave us great advice on how to spruce up the home and assisted with finding and coordinating contractors, so we could get the home on the market quickly. She was available whenever we needed to talk. I highly recommend Barbara for anyone seeking an experienced, energetic and results oriented realtor!

The Maryland General Assembly

Dear Friends,

I am pleased to report that there was a successful outcome, this past legislative session, with regard to bills that I sponsored to improve the lives of Maryland's senior residents.

Many of our senior residents live alone without the benefit of a family member, neighbor or friend to routinely check on them.

A fall or an illness may leave that person physically weakened and in a position where they do not have the ability to get to a phone and seek help.

That is why I wrote legislation creating the "Senior Call-Check Service and Notification Program." This legislation will make Maryland the only state in the nation to have an automated statewide system that will provide a daily call, to a participating resident, to check on their well-being.

Any senior who wishes to enroll in this program will be able to receive, at least once a day, a phone call scheduled at a time that is convenient for them. The call will provide the individual the opportunity to confirm that they are well or in need of assistance. If they are in need of assistance, or they do not answer the call after repeated attempts, a person of record will be immediately notified to check in on them. That person of record can be a family member, friend, neighbor, or a participating law enforcement agency.

The system will also be able to provide the resident with information about impending weather hazards, and the potential need to stock up on food or medicine if it is anticipated that bad weather may shut down the roads and/or power.

Additionally, the system will be able to provide notice about the latest scams and frauds being perpetrated against our senior residents. This will help to prevent our seniors from being ripped-off by the con-artists and scammers.

Finally, because so many of our seniors are living on limited fixed incomes, there will be absolutely no charge for enrolling in the program.

Hopefully, the Senior Call-Check Service and Notification Program will be up and running by the end of 2018.

I also sponsored successful legislation that will help to push back against those who are trying to financially exploit our senior residents.

In past years, I sponsored successful legislation that required banks in Maryland, as well as, money transmitters (MoneyGram, Western Union, etc.) to be mandatory reporters of suspected financial exploitation of our seniors. It also requires training for employees, in these businesses, to look for possible exploitation. These new requirements have proven to be very successful in stopping exploitation before it happens.

This year the legislature passed my bill that will now require securities agents and brokers (anyone selling stocks and bonds, or providing professional investment advice, etc.) to be mandatory reporters of suspected financial exploitation, as well. They will also be required to take affirmative steps to prevent exploitation if it is suspected.

The legislation also provides resources for several new positions, in the Office of the Attorney General, specifically for the purpose of investigating suspected financial exploitation of our elderly.

The con-artists and scammers are constantly targeting the "nest eggs" of our senior residents and our elected officials have a responsibility to fight back against them and to protect those who are being targeted by the crooks.

It continues to be an honor and a privilege to represent you in our state legislature, and I wish you the best for a fun and relaxing summer.

■ Parkinson's Support Group

Sept. 12: First Meeting After Summer Hiatus

by Ray Weil

Parkinson's Support Group is an organization established to create opportunities for those with the disease to access technical and developing research information and to share treatment experiences with others.

The Group creates an environment where Parkinson's disease (PD) sufferers can reach out to others for knowledge and lend empathy, understanding and personal experience to those in similar circumstances.

A speaker addresses members at each meeting regarding a topic that may have beneficial effects on the symptoms of PD, shows promise in the search for a cure, or is simply of interest to members.

Just as importantly, the

Group helps caregivers, family and friends appreciate the challenges and complexities of living with PD. Attendance at the Group's meetings is extended beyond the membership to all of those who are interested. It is important for all involved to understand that no one need be alone in the struggle against PD.

The Parkinson's Support Group meets on the second Tuesday of each month from September through May. The next meeting is Tuesday, Sept. 12, at 3 p.m. in Clubhouse II.

Meetings usually last about one and one half hours, and include discussion regarding the speaker's presentation or other topics of interest. Light refreshments are served.

For further information, contact Ray Weil at (301-598-3447) or (raywwjr@hotmail.com).

■ Stroke Support Group

Sept. 13: Next Meeting

by Sally MacDonald

At the Stroke Support Group's June meeting, the last meeting of the season, the Group decided that fall's upcoming meetings will focus on medicines.

Many members shared their stories of good and bad medications and medication combinations, and mentioned an inadequate amount of information available, particularly for older patients.

Stroke survivors often have ongoing neurological, blood

clotting and cardiac concerns.

The next meeting is Wednesday, Sept. 13, at 1:30 p.m. in Clubhouse II. All residents are invited to attend.

We hope to gather as much information as possible and invite members of the community to share their stories.

The Group needs volunteers to help with telephoning members to remind them of meetings. For more information, contact Sally MacDonald at (240-669-4233) or (sn3macd@aol.com).

■ FISH (Friends in Sickness and Health)

Group Seeks Tub Stools for Lending

by Beth Leanza

FISH volunteers are here to help you. We receive donations of assistive equipment that we then lend to residents and employees of Leisure World.

There is no fee. And you can just try out equipment, even if you are planning to purchase your own. We often run low on tub stools, also known as shower chairs.

Volunteers

If you have trained as a FISH volunteer, call Beth Leanza at (301-598-4569) to let her know how it went and if you think you are ready to do a session on your own.

Used Equipment

Our equipment is used and we do our best to discard any unsafe items.

Members are volunteers – not trained therapists – but we do try to learn about the equipment.

Still, we encourage users to check in with a therapist about the use of the equipment. If you have any doubt about the condition of the

equipment, return it to FISH and we may have another.

Borrow First

Consider borrowing from FISH first, even if you are thinking about purchasing your own equipment. If it doesn't work out, or you discover that there is a feature you want, you are free to return the FISH item and order your own.

People who purchase medical equipment may not be able to return it to the medical supply company. And if you have used Medicare to purchase an item, you may not be eligible to purchase another.

General Information

FISH is open Monday to Friday, from 10 a.m.-4 p.m. in Clubhouse II. Contact the FISH office at (301-598-1345).

When no one is in the office, the call forwards to the E&R office (301-598-1320). After hours, the staff at the E&R desk accepts returns and sometimes helps people borrow items.

For more information about FISH, call Beth Leanza, president, at (301-598-4569).

Summer Poetry Contest Postponed

by York Van Nixon III

Arts in Motion (AIM) is gearing up for a jam-packed list of summer events. See the Events and Entertainment section of this publication to learn more about the group's scheduled August performance.

POETEST 2017

The poetry contest for high school students is rescheduled for the fall to allow for wider participation. The original date of July 1 conflicted with seniors heading to college and vacationing with family.

AIM established a scholarship committee at its last quarterly meeting. We intend to award a \$5,000 scholarship to a deserving student with plans to matriculate in fine arts.

New Group Forming

Neighbors Helping Neighbors (NHN) is a new group that offers short-term assistance to residents in need.

Volunteers are asked to help as their schedules permit. The group has its first meeting to discuss details later this summer. However, driving residents or offering nursing care is not permitted through NHN.

Please consider becoming a volunteer with NHN, and help to perform a service for our growing community. For more information, email Rae Paley at (miltze2@gmail.com).

Club's Board Honors Long-Serving Member

Rossmoor Woman's Club (RWC) member Eoline McCrone, 96, was honored for her long service in the Club at an informal board luncheon June 12.

"I have just fallen into so many things," McCrone said, when asked what had brought her to this moment.

"Almost everything that happened to me was something that really wasn't expected."

McCrone has served as

one of the Club's most dedicated volunteers, chairing a major fundraiser, the annual pre-Thanksgiving sale of fruitcakes, nuts, and candy.

At Leisure World, she tutored for several years at a local elementary school, and also served as president of Fireside Forum.

"While Leisure World has scores of fiercely independent women with fascinating backgrounds, there aren't many like Eoline," said her longtime friend Gerry Smith, who currently serves as advisor to the Rossmoor Woman's Club. "She is really a model for many of us."

McCrone joined the RWC in 1993. The group's mission, then as now, is "learning through giving, enriching our lives and the lives of others."

The group's fundraising, primarily from gift sales, dues, trips, fashion shows and luncheons, now nets about \$10,000 a year, all donated to local charities from hospices to a women's shelter, and funding several college scholarships.

Club Meetings Take a Summer Break

by Rita Penn

The Democratic Club will not meet during July and August; however, if political events warrant it, members may decide to get together.

If that happens, Club members will be notified by the Donkey Dispatch, and anyone without email will find a copy posted on our bulletin board in Clubhouse I.

The Club is looking for a volunteer who can organize rides for members who don't drive (or don't drive in the evenings) for our monthly meetings. If you would like to take this on, please contact Rita at (301-598-9650) or (Ritapenn@comcast.net).

Meanwhile, relax over the summer, as we will have a very busy schedule starting in September.

■ Model Railroad Club

See the Trains Run This Summer

By Alan J. Goldstein

It was an exciting time for train enthusiasts.

The Rossmoor Model Railroad Club held its Summer Open House on June 17 in the lower level of Clubhouse II, and it was attended by children of all ages, including a few who could remember when diesel power was still new.

One of the most common scenes during our twice-yearly open house events is that of a child transfixed as the trains pass. While adults admire the realism of our large HO and N gauge scale model layouts, Lionel O gauge is a perennial favorite of the youngsters for its strong presence, bright colors and clackety-clack sounds.

There are many behind the scenes feats of engineering that the Rossmoor layouts, particularly the HO and N gauge, have in common with real trains. For example, the grades are all

realistically scaled to those used by full-size railroads, and the height of each wooden trestle section, even those concealed inside mountains, is carefully calculated to create a smooth grade appropriate to a real train.

The HO layout now has operating crossing signals to protect our model automobiles. Both our N scale and O gauge layouts have operating trolley cars that automatically reverse direction at the end of their runs, and the N gauge unit even stops at several places along the way to pick up and discharge passengers.

The club meets the second Thursday of the month in Clubhouse II, and we have working and operating sessions every Monday and Wednesday from 5:30-7 p.m., and Thursday from 2-4 p.m. at our train yards in the basement of Clubhouse II.

For further information or to join, please call Marilyn Chmielewski, president, at (301-438-3259).

■ Gilbert and Sullivan Society of Leisure World

Cast Members Prepare for Upcoming Production of 'The Sorcerer'

by Maggi Lindley

Gilbert and Sullivan Society (G&S) members are very busy with rehearsals for our forthcoming production of "The Sorcerer." The operetta was the second collaboration by Gilbert and Sullivan and, although not well known, it has its own charm, humor and fun in the mixed up world of sorcery and love.

The production is on Friday, Aug. 18, and Saturday, Aug. 19, at 7:30 p.m.; and on Sunday, Aug. 20, at 2 p.m. Tickets are \$8 each and will be sold for the two weeks before the performances from 10 a.m.-2 p.m. on Tuesdays and Wednesdays in Clubhouse I, and on Thursdays and Fridays in Clubhouse II. A ticket booth will be set up in each lobby.

We are happy to announce a stellar cast for this performance, including Jack Melnick as The Sorcerer; Poppy Traunfeld as Hercules, his attendant; Ed Caglione as Sir Marmaduke Pointdextre;

Steve Bennof as Alexis, his son; Beth Youse as Aline, betrothed to Alexis; Hannelle Allen as Lady Sangazure, Aline's mother; Phil Soriano as Dr. Daly, the vicar; Allan Packer as the notary; Maggi Lindley as Constance; and Aileen Feldman as Mrs. Partlet, her mother.

Chorus members are Joyce Hamaty, Julie Kronfeld, Maureen Harris, Anna Pappas, Ida Leong, Louanne Wheeler, Audrey Lodsins, Bob Bridgeman, Jerry Weiss, and Ken McMahill.

Elaine Strass is the director, Dolores Cheadle, the music director, and Maggi Lindley is producer.

Publicity is by Carol Neckar, sound by Euclid Coukoumu, set design by Maggi Lindley and J.J. and Betty Boulin, and lighting by Michael Heyman.

The G&S Society also took part in the Leisure World 4th of July parade, and we hope you saw us there and are inspired to come enjoy the show.

by Darrelyn Pilgrim
and Mary Lalley

Group members are already seeing tomatoes and peppers growing plump on their vines in the early bird gardens.

There's still much to do and busy gardeners continue tending and developing their plots. Plots are growing veggies as well as some very pretty flowers.

The amazing Asian squash and melon vines are beginning to climb their overhang structures, and will soon become the living canopies we love to see.

Next Meeting

The Group's next monthly meeting is Tuesday, July 11, at 9:30 a.m. in Clubhouse I.

Group meetings are the second Tuesday of each month.

The next Friday night gathering is July 14 at 6 p.m. behind Shed 4.

Plot Contest

Gardens are judged in late July, and the three winning plots will be announced at the annual potluck supper on Thursday, Aug. 17, from 6-8:30 p.m. in Clubhouse II.

Gardener of the Month

The Group honors Jim McNeill for taking on extra responsibilities in the garden by keeping the wheelbarrows in repair, the birdhouses clean, and tending to the needs of other gardens.

Reminder

Gardeners who go on vacation and leave a friend or family member in charge of their plot should provide that person with a note that gives her or him permission to pick the plot's produce.

Remember also to clean all tools and wheelbarrows before returning them to the proper

shed. Nothing should leave the garden area overnight except the gardener.

■ Ballroom Dance Club

Club Dances to Live Music Each Month

by Joyce Hendrix

The next dance is Saturday, July 22. See details about our upcoming dances in the Events and Entertainment section.

If you are new to the community, please come to our monthly dance and see what the Club is all about. Our bands play all types of ballroom music, including waltzes, both fast and slow, foxtrots, swing, quickstep, all types of Latin, as well as the hustle and a few polkas

thrown in for good measure.

The Club dances to the music of live bands each month from January through November. A New Year's Eve dance is usually held and sponsored by Perrie LLC.

Dance Etiquette

Rule #5: It's also perfectly acceptable to dance with someone besides your partner. In fact, most dance studios and teachers encourage this and most dancers enjoy the variety of dance partners.

Dancing with someone

besides your partner will strengthen the man's leading ability and enhance the woman's following skills.

Rule #6: When dancing with someone less proficient than yourself, it's generally expected that you'll be dancing at their level of experience, not yours.

There's no need to be shy about dancing with someone who's more experienced than you. It will do more to boost your confidence than you may imagine.

Rule #8: Dance invitations are rarely rejected. It's

considered polite to dance with whomever asks. Of course, it's reasonable to expect that you might ask for a delay if you've just come off the floor from a fast-paced swing or Latin dance and need some time to catch your breath.

August Dance

The annual Hawaiian themed dance with Mike Surratt and The Eclectic Coalition Band, or the E.C.B.'s – one of Leisure World's favorite dance trios – is on Saturday, Aug. 26.

Recreating Our Animal Friends

by Ann Bolt

Rossmoor Art Guild (RAG) members are keeping their pets inside, cool and calm, during the summer months. Both clubhouses are hosting exhibits of pets and animal paintings done in a variety of mediums including watercolor, pastel and colored pencil.

Nancy Albrecht's paintings in pastel grace the walls of the Clubhouse II gallery. Viewers will sense immediately her love of horses and dogs and almost anything else sniffing around on four legs.

Open Studio members exhibit their paintings of animals—a collection of cats, dogs, a joey, and a panda—using a variety of mediums, in Clubhouse I.

Classes

Visiting teacher Fran

Call entertains the Tuesday afternoon class for six weeks beginning Tuesday, July 11. Call specializes in watercolor and the latest approaches to technique and composition. She taught here for several years before moving South to be nearer to her grandchildren.

Our other dedicated teachers hold classes in oils, acrylics, and drawing for both afternoon and morning classes. Class schedules are available in the Studio foyer in Clubhouse I. Classes begin the week of July 10.

Now is the time to select your teacher and/or medium, and sign up for a summer

Photo Contest Categories: An Overview

by Fred Shapiro

The time is right for Club members and interested residents to get out their cameras and iPhones and get to work.

The 2017-2018 season's competitions and photo exhibits

A quirky sculpture snaps a photo in front of a county courthouse in Minneapolis, Minnesota. Photo by Fred Shapiro

ask participants to capture pictures in four categories: Transportation, Houses of Worship, Building Interiors and Gardens. Photographers won't have to go far to find excellent subject for their images.

Transportation

Use your camera to capture a vehicle, train, boat, plane or other type of transportation while it is in motion, or when it's engaging with people.

Leisure World has the more basic means of transportation – cars, buses and bicycles. However, three airports are close by – Baltimore/Washington International Thurgood Marshall Airport, Ronald Reagan Washington National Airport, and College Park Airport.

Leisure World is also close to rivers and harbors for capturing boats and other watercraft.

Houses of Worship

A place of worship is normally designated as a church, mosque, temple or synagogue – a structure consecrated for individuals or a group of people to perform acts of devotion, veneration or religious study.

Almost every type of house of worship is within easy reach of Leisure World. Check the internet for local churches, temples, mosques and synagogues. Look for unique and decorative exteriors.

Building Interiors

Every home and building offers an opportunity to capture an interior photograph. Interior architecture with repeating patterns and geometric shapes is a bonus for photographers.

Whether a home, a public building, a museum or religious sanctuary, careful composition of the components of an interior will satisfy this category.

Gardens

Gardens are found in Leisure World, and botanical gardens and parks are in the surrounding area. Think of the garden as the sum of its components: flowers, plants, trees, and gardening and lawn structures.

While the gardens at Leisure World are bunched together, there are great opportunities at Brookside Gardens, nearby arboretums and the National Parks in the region to capture full garden images.

Move around when photographing to see how the components come together in a way that adds strength to the totality.

Take a ride for exotic images, or stay close to home and photograph the home folks moving around the community. Shoot your photos now while the weather is right and subjects are there for the taking.

July 12 Program: 'The History and Mystery of Gold'

by Mary Beth Mason

The next meeting of the Gem, Lapidary, and Mineral Society of Leisure World is Wednesday, July 12, at 7 p.m. in Clubhouse II. Enquire at the E&R office for the location of our meeting, which has recently changed.

Howard Bayewitz presents the program, "The History and Mystery of Gold." Bayewitz's wife, Ellen, is Club secretary.

Bayewitz's presentation explains how and why, since the beginning of civilization, gold has become the universal symbol of wealth, power, greed and love. The lure of gold has driven kings, conquistadors, priests, and pirates to race across unexplored oceans risking armies, ships and life itself.

His presentation will explore the historical impact of gold on societies in the Old World as well as the New, and on civilizations as ancient as Sumer and Egypt, Greece and Rome, as well as China, Mali, Spain and Peru.

Although we don't know for certain when human beings first became enamored with gold, flakes of this precious metal have been found in Paleolithic caves dating back as far as 40,000 B.C.

Archeologists have firm evidence that Egyptians used gold as early as 3,000 B.C. It was used on capstones of the Pyramids of Giza, was prized by pharaohs and priests, and played an important role in Egyptian mythology.

To the ancient Greeks, gold indicated social status and

was viewed as a form of glory among their immortal gods.

That in all ancient civilizations the possession of gold was a status symbol used to separate one class from another is unquestioned. Like our earliest ancestors, modern Homo sapiens are infatuated with this precious metal.

Gold grants its possessor an undeniable vestige of elevated status, wealth, and safety. A person who possesses

gold may feel heightened feelings of self-importance, sometimes beyond all indications to the contrary.

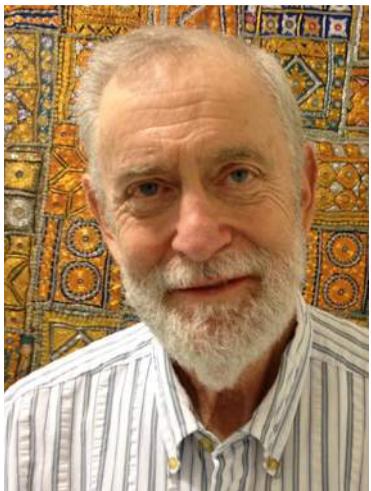

Bayewitz first became interested in gold while visiting an exhibit at the University of Pennsylvania, where he observed that 5,000-year-old gold jewelry from Sumer gleamed with golden fire just as bright as contemporary pieces on display.

Bayewitz earned his bachelor's degree in U.S. history and a master's in Asian studies from the State University of New York. For 31 years, he taught middle school and high school social studies in Kingston, New York.

After retiring, he worked as a tour guide in Washington, D.C. Eight years ago, he began speaking on cruise ships, and, after 36 cruises, he and Ellen have seen much of the world.

Join us on July 12 to learn some of the reasons for society's persistent infatuation with the Earth's most sought-after treasure. If you wish, bring an item for show-and-tell, which follows the presentation.

For information about the Club, contact Chuck Mason at (301-933-3093) or (sugartree2@comcast.net).

Artist of the Month Enjoys 'Magnificent Hobby'

by Gail Bragg

Lorraine Lake is the ceramics artist of the month for July. Residents can enjoy seeing some of her pieces in Ceramics Club display case this month.

Lake moved to Leisure World in 2008 and joined the Ceramics Club in February 2009.

Originally from Philadelphia then New Jersey, she has been painting ceramics with clay-based paints since 1971.

Her painting hobby began when her doctor suggested she get a hobby to stay busy and relieve the stress of coping with her husband's illness.

First she tried knitting but quickly moved on to painting. She found that the focus needed for painting kept her mind occupied; she also saw the joy in her husband's eyes when she showed him something she had made.

When Lake moved here, she added

to her artistic skills by learning how to make pieces from liquid clay. After all these years, she still enjoys seeing how things turn out after their last trip to the kiln. She says ceramics is "a magnificent hobby," and she should know, because she's one of our senior members at (almost) 89 and still going strong!

Membership and Information

The Ceramics Club's \$10 annual membership fee includes instruction on how to make your own ceramic pieces. We welcome new members, so drop by our studio in Club-house II.

Real Stories and Fictionalized History

by Verna Denny

Two clubs read books by authors that write for young adults this month. Both found their choices to be a refreshing change of pace. These books are quick reads and address important topics applicable to everyone.

The first club, The Searchers read “Tuck Everlasting” by Natalie Babbitt. They had a good discussion on the topic of living forever. It was interesting to learn what age members would want to be if they could live forever.

The African Heritage Book Club read “Another Brooklyn” by young adult author Jacqueline Woodson. It is a poetic coming of age story about the friendship of four girls growing up in Brooklyn in the 1970s.

Club members enjoyed sharing their own middle school stories, and the former New Yorkers in the group reminisced and expanded the conversation with their Brooklyn experiences.

The Bookies gave mixed reviews to “The Paying Guests” by Sara Waters, set in London at the end of World War I. The story is about a struggling upper middle class mother and daughter who are forced to take in boarders in order to survive post-war.

The relationship that develops between the boarders and the daughter examines the themes of morality and justice. Members questioned whether this book is historical fiction, suspense, or as one reviewer suggested, a satiric soap opera. They all agreed that the story began tediously, but, about one fourth into the story, it developed into a real page-turner.

Literary Ladies Who Lunch read “One Thousand White Women: The Journals of May Dodd” by Jim Fergus. The book is a fictionalized account of the “Brides for Indians” program, in which pioneer women were sent West to marry Cheyenne Indians to foster assimilation.

The Fall Readers read “Clara and Mr. Tiffany” by Susan Vreeland. The book covers the life of Clara Driscoll, who ran the women’s division of the Tiffany Company during a time when women were prevented from working if they married and were denied equal wages and opportunities.

Driscoll designed most of the famous Tiffany lampshades but was never publically acknowledged. The book has a colorful cast of characters that enriches the story.

The Rose Readers read, and rate a “5,” a very short but powerful book by Elie Wiesel called “Open Heart.” The book is equal parts memoir, treatise, and affirmation of faith as

Wiesel deals with cardiovascular disease and open-heart surgery.

Faced with the prospect of death, Wiesel reflects upon his life, his experiences during the Holocaust, and events since the Shoah. The club had many insightful discussions.

The Suspensers read the thriller “Look Again” by Lisa Scottoline, a book that explores questions of morality. It is hard to put down – a page-turner, and an easy read.

The Sleuths read “Devil With a Blue Dress,” an Easy Rawlins

mystery by Walter Mosley. Rawlins is hired to track down a beautiful woman who has disappeared and, in the process, takes the reader into the underbelly of Los Angeles.

For their first book, the Book Club Network’s new club, Thursday Readers, is reading “A Sense of An Ending” by Julian Barnes.

For further information about the Book Club Network, contact Verna Denny at (301-598-1418) or (verhd@msn.com).

Greeting Cards Available at July Sale

by Barbara Long

What a great time to get a bargain, and also help the library purchase new books. All boxed Christmas cards are on half price sale this month at the library.

Proceeds from the annual sale, which is coordinated by Annetta Rapp, is the main source of funding for the best-sellers purchased by the library. The sale ends on Monday, July 31.

Aspen Hill Library

Library patrons who also enjoy the Aspen Hill Library will be delighted to know that it is

reopening with a brief ceremony on Saturday, July 15, at 10 a.m.

The opening was delayed due to a county lighting project to enhance visibility. Landscaping work on the parking lot, steps, and ramps makes the facility ADA compliant. Digital signage monitors will display library and county information, and there will be equipment for paying fines and bills with a credit card.

Laptops will be available for use in the building, and new furniture and carpet has been installed. The “refresh” began last November after Election Day. It has been a long wait, but well worth it.

First Annual LGBT Pride Celebration a Resounding Success

by Mike LaPoint and Pat Ritter

The LW LGBT Alliance held its first annual LGBT Pride Celebration on June 24 in Clubhouse II.

The evening began in the auditorium with the screening of the highly acclaimed film, "Big Eden," followed by a cake and cookie reception. The large and diverse group of revelers enjoyed the delicious treats, extensive door prizes, laughter and conversation with friends, old and new.

The exhibits created by Group members entertained attendees. They included information about prominent LGBTs past and present, history of the NAMES Project AIDS Memorial Quilt, member recollections of their life experiences as LGBT people, the life and times of LGBT rights activist Harvey Milk, and articles on the Stonewall Riots

of 1969 and the Daughters of Bilitis, an early lesbian civil rights group.

Representatives of the Montgomery Pride Center were on hand to discuss their efforts to establish an LGBT community center in Montgomery County. Also, a representative of the D.C. Frontrunners Group, an LGBT group for runners and walkers, discussed the many runs/walks and social events that they host each month, and told us about D.C.'s bid to bring the next Gay Games to Washington.

The members of the LW LGBT Alliance would like to thank all our friends, families and allies here in the Leisure World community for helping to make our first Pride celebration such a wonderful event.

On June 10, LWAAAC held its annual picnic on the Clubhouse I lanai. Mother nature smiled upon residents, families and friends who enjoyed the food, dancing and conversations.

Al Holston, our photographer, was on duty taking photographs throughout the afternoon. As DJ Al Foley spun the “oldies but goodies” tunes, some folks reminisced about their younger days and tried to remember the lyrics to the recordings.

It was show time when the

dancing began to the sounds of contemporary tunes. Near the end of the event, door

prizes were given away. Once again, the picnic was a crowd-pleasing success.

New Officers Installed at Brunch

by Fred Shapiro

At its June 11 brunch, Post 567 installed Milton Loube as commander for the 2017-2018 term of office. He replaced Marvin Franklin, who held the office for the past three years.

Jewish War Veterans (JWV) Department of Maryland Commander Col. Erwin Burtnick swore in Loube and the slate of new officers.

Joining Loube as Post officers are Danny Bass, SV commander; Ray Kurlander, JV commander; Fred Shapiro, judge advocate; Marvin Franklin, quartermaster; Jerry Jacobs, adjutant; Bob Kessler, chaplain; Ed Hinkle, officer of the day; and Helene Bass and Nancy Scher as women representatives.

Milton served in the Navy as

a radioman aboard the USS PC 572 (patrol craft) and aboard the USS Saipan CVL48 light aircraft carrier. He was instrumental in bringing Post 567 to Leisure World. The incoming officers served in the Army, Air Force and Navy, spanning the years from World War II to the Korean War.

Post 567 is one of 12 JWV posts in Maryland, dedicated to maintaining allegiance to and love for the U.S., fighting against bigotry and anti-Semitism, supporting Israel and honoring the memory of our heroic dead.

JWV was the nation's first veterans' organization, emanating from the need to combat anti-Semitism that grew out of the Civil War. Meeting for the first time in 1896, JWV has been an active force for all veterans and

Jewish causes, including relations between Israel and the U.S., since then.

Membership in Post 567 is not limited to residents

of Leisure World. Veterans living in the general area are welcome to contact Commander Loube at (mackyviv@gmail.com).

New Members and Ideas Encouraged

by Carole Mund

NA'AMAT is a charitable organization dedicated to helping NA'AMAT Israel provide educational day care programs, vocational training, legal aid for women, services and assistance for new immigrants as well as centers for the prevention and treatment of domestic violence.

The many activities we enjoy not only give the opportunities for socialization with our friends and neighbors, but also serve as fundraisers to support

the many programs NA'AMAT provides.

Next Meeting

NA'AMAT RBZ encourages more participation by its members. The executive board is eager to get new ideas for activities and fundraisers.

The board meets each month. At these meetings, we discuss plans for upcoming events. Meetings also afford members the opportunity to meet the board members and learn more about the organization. All are encouraged to join us on Tuesday, July 18, at

10:30 a.m. in Clubhouse I for our next meeting.

Tzedakah - New Chairperson

"Tzedakah" is a custom of donating loose change each Sabbath to charity. NA'AMAT RBZ has little puskie boxes to encourage members to save and donate. Every penny counts in supporting the many programs NA'AMAT sponsors in servicing women and children.

Carol Milwit has offered to be the member in charge of coordinating the collection and replacement of the tzedakah boxes. Just drop your change or maybe your Mah Jongg winnings in the box, and she will gladly collect the box and replace it with a new one. Full donor credit is given. Contact Carol for more information at (301-288-7534).

Trips

The John F. Kennedy Center for the Performing Arts trip to see Second City is sold out.

A new trip to the Delaware Art Museum and high tea on Wednesday, Aug. 23, is planned.

Fliers will be sent to members or see the Club Trips section of this publication for more information. Make your reservation early so you do not miss this terrific experience.

October Fashion Show

It may seem early, but with so many of us taking vacations, it is worth setting aside Wednesday, Oct. 4, for our annual Fashion Show.

For more information, contact co-presidents Trudy Stone at (301-438-0016) or Gladys Blank at (301-438-9666). For tribute cards, contact Linda Schoolnick at (301-681-1076).

■ National Active and Retired Federal Employees (NARFE) Chapter 1143

Chapter Takes a Summer Break

by John Moens

On June 19, the Chapter had its final membership meeting of the September 2016- June 2017 season.

In recent years, most NARFE chapters have struggled to maintain membership levels, but Leisure World's Chapter 1143 has grown. Three new members attended our last meeting, bringing our total to 172 members.

The Chapter is making progress in recruiting officers. This year, we added Jewel Lee as treasurer and Pam Odell as secretary. We have an opening for membership secretary to keep track of our 172 current members and future members. If you are interested in volunteering, please contact any of the officers listed below.

Some of our best speakers from last year returned, but we also brought in an expert on Long Term Care insurance, expanded our open season briefing to include a representative from Kaiser-Perma-

nente, and added Rep. Ben Kramer to our speaker list.

Walt Fraser, author of "Checkbook Guide to Health Care Plans," returned to inform members how to save money on healthcare plans and avoid duplicate coverage.

Chapter meetings are open to all. During business meetings, members learn about experiences with rip-off artists, opportunities to save money on food, theater tickets,

and more, and the personal impact of state and Federal legislation and regulation.

For any questions, suggestions or answers to how you can be helpful to our Chapter, please contact a member of our executive committee:

President John Moens at (johnjots@outlook.com) or (301-438-3237)

Vice President, Legislative Chair Joe Cook at (joec37766@gmail.com) or (202-271-0710).

Service Officer Rich Rothstein at (whobodyelse@aol.com) or (301-598-5760).

■ Writers of Leisure World

Sharing Memories Through Poetry and Prose

by Gladys Blank

The Writers of Leisure World met on June 15 and each writer contributed a very interesting, informative and entertaining essay or poem.

Danuta Montorfano's poem, "Bedtime," was a touching memory of reading a Dr. Seuss book to her young daughter many years ago. Gladys Blank's essay spoke of a pleasant dinner date with her daughter and her daughter's college friend as they shared memories.

We all enjoyed Joe Brand's delightful poetry – "The Watchmaker," "Suburbia" and "The Psychic." Woody Shields provided us with some truly fascinating information about "The Problem of Deer Overabundance."

"Junior High Memories" by Verna Denny was an inter-

esting essay of her years in junior high school while living in Brooklyn, New York, as she straddled the black and white communities, and how difficult and demoralizing those years were in many ways.

"Earth Friendly" by Radha Pillai regaled us with some of the things she did for the health of the Earth, herself, and the next generation, such as buying paper products as little as possible and purchasing most of her grains in bulk.

York Van Nixon's short story entitled "Home Alone," about his dog, Millie, was very amusing and made us all smile. "My View" by Jane Hawes delighted us with the super relationship she shares with her cat and its unique personality.

Meetings are the first and third Thursdays of the month at 11 a.m. in Clubhouse I.

p.m. to meet up with a few Baby Boomers. If you are new, please look around and introduce yourself, as they don't make any announcements. People walk at their own pace and return to the Clubhouse.

Taking Great Photos with iPhones: Part 2

by Ron Masi

Q: What is the best camera?
A: The one you have with you. Here are more tips to make your iPhone pictures better.

Hi Dynamic Range (HDR)

- Why it's good – Better exposed photos (bright sky with dark trees, and bright foreground in one image are a tricky lighting situations). With HDR, both dark and light portions are well exposed.

- How the iPhone does it – HDR means the iPhone's camera takes three photos every click. Each image is captured at a slightly a different exposure: one bright, one dark, and one somewhere in between. Then your device combines them, creating a single image with a more balanced exposure.

- Set up: Tap HDR on the screen and select ON.

Note: You must keep the camera perfectly still; a brace or tripod is recommended. Don't leave HDR on when finished.

Burst

- Why it's good – Great for photographing single images of moving subjects (children, birds, animals, street scenes, sports, splashing water, etc.).

- How the iPhone does it – It takes 10 photos per second as long as you hold the shutter

down, giving you the best chance of capturing the perfect action shot with minimal blur. You should use burst mode whenever there's any movement or unpredictability.

- Setup – Hold down the shutter button, and the phone will take multiple images until you release. Then, select the best ones.

Live Photos

Three-second moving image captures the moments just before and after you take the picture – complete with movement and sound.

- Why it's good – The photographer can capture

moving subjects such as children, water, fun moments, or any scene that has interesting sounds.

- How the iPhone does it – The camera automatically captures 1.5 seconds of video before and after you take the shot. The result will be three seconds of images with movement and sound.

- Setup – Tap the round Live Photos icon (next to the HDR option) so that it turns yellow. To play back a Live Photo that you've taken, simply press down firmly on the screen

(harder than you'd press for an ordinary screen-tap).

Note: Only available on iPhone 6s/6s Plus and newer.

Panorama

This setting creates extra-wide panoramic images.

Why it's good – Amazing for wide landscape or cityscapes, also vertical panoramas and waterfalls.

Setup – Select Pano from the screen. When you're ready to start shooting, tap the shutter-button, then very slowly move your camera in the direction of the arrow superimposed on your screen. Keep the camera as steady as possible. When you're done, tap the shutter button again to stop.

Note: The photo you create with Pano mode includes everything your camera saw. If you turned corners as you moved your camera, you may notice some distortion in the final image.

Video Sound Movie

- Why it's good – Creates movies, tells stories about events, celebrations, etc.

- Setup – Select Video from the screen, press the shutter button to start recording, and again to stop. Length is shown at the top of the screen while shooting. You can tap to set focus, and swipe up/down to adjust exposure, just like still photos.

Note: Remember there is sound, so the person talking to you will be recorded and played back.

■ Comedy and Humor Club

At Comedy Club: The Professor and the Chauffeur Garner Chuckles

by Al Karr

During our weekly Comedy and Humor Club meeting, one member or another often comes up with a truly funny and ingenious joke. Rudy Volin recently entertained the assembled masses with the following:

A college geology professor has been travelling the country, lecturing on the ins and outs of drilling for oil. One day, his chauffeur told his boss, "I could talk about drilling for oil, as well as you." The professor said, "Let's see," and he and his chauffeur exchanged clothes and traded driving and

speaking roles.

At the next gig, the chauffeur was lecturing as the new expert on drilling for oil, when a student asked, "What if I'm drilling and come up with only dirt; what will be the dirt's PH?"

Unperturbed, the chauffeur disguised as a professor replied, "That's easy, so easy that my chauffeur will answer the question," pointing to the real professor, wearing a chauffeur's uniform.

We bounce jokes off each other once a week, and watch or hear a classic comedic television show on the last Tuesday of each month. Currently, we are considering several luncheons for the

rest of the year, where more merriment is certain.

During two recent meetings, members dispensing humor from the standup mike, besides Rudy, included John Lass, Skip Schoening, Fred Firnbacher, treasurer Sumner Levin, Bernard Patlen, vice president Gloria Horwitz, Jack Melnick (back from wintering in Florida), Mercedes Bautista, president Sam Hack and Al Karr.

Here are just a few examples of the jokes unleashed at those two sessions:

Skip: Woman, newly widowed, split up the \$30,000 left by her husband, thusly: \$6,000 for the memorial stone, \$500 for the

church, \$570 for the wake, and \$22,500 for the memorial stone. (What? It was three carats, she noted.)

John: Bob forgot his wedding anniversary, and his angry wife said there better be a gift in the driveway the next morning – a gift that goes from zero to 200 in six seconds. The next day, she saw a gift-wrapped box in the driveway, opened it, and found a brand new bathroom scale.

Jack: Jet lag makes the traveler look like his passport photo.

The Comedy and Humor Club meets every Tuesday at 1:30 p.m. in Clubhouse II.

Centering Prayer: Join our group of centering prayer practitioners on Wednesdays at 3:30 p.m. (3588 Gleneagles Dr.). Centering prayer is a method of silent meditation, where you rest in God, without saying anything, just happy to be in God's presence. Our intention is to be aware of the presence of God and to welcome the action of God within us. Beginners are welcome, as are people of all faith traditions. For more information, call Eileen at (301-438-0422).

Clipper Workshop: Recruiting is underway for members who can help assemble clown hand puppets for Holy Cross Hospital. They are used in the pediatric and emergency rooms. No special skills are needed. Some sewing skills are necessary. We need a sewing machine stitcher. Bring a bag lunch. (We will eat in the lunchroom.) We meet every first and third Monday in Clubhouse II from 10 a.m.-2 p.m., or any portion of the time you can devote to making a child smile. We are looking for donations of cotton fabrics, stuffing, thread and iron-on facing. Contact Joan Mahoney at (240-833-2724) or at Jane Brinser (301-438-2599) for further information.

The all-volunteer staff comprises a board of directors, computer room monitors and other volunteers. The center provides residents free training and assistance in the day-to-day use of computers for online research and other personal needs. The center has Mac and Window systems computers as well as color laser printers for printing and scanning. For more information about the Computer Learning Center, please visit (www.computerctr.org) or contact the E&R office in Clubhouse II at (301-598-1320).

Hispanos de Leisure World: We invite all residents who are Hispano-Parlantes to join us in enjoying the activities of this club, including card games and conversations, every Friday at 3 p.m. in Clubhouse I. Once a month, Latin-American and Hispanic movies, with English subtitles, are screened at the same location and same time, 3 p.m. Also, the club organizes a Fiesta de La Amistad on a weekend in the spring and a Christmas dinner in December. And we have organized and presented musical shows about once a year in the Clubhouse II auditorium as well. If interested, contact Maria Blanco, club president, at (301-847-9066) or Carlota "Loty" Goldenberg at (301-598-6869).

Jewish Discussion: Hello to all Jewish residents of Leisure World. A discussion group meets on the fourth Sunday of every month (except July and August) at 10:30 a.m. in Clubhouse II. Be

prepared for lively discussions about Israel and other topics of Jewish interest. Please give us a try; we think you'll like us.

Knitting Corner: Join us the second and fourth Fridays of each month at Inter-Faith Chapel from 10 a.m. to noon. Our next meeting is July 14. Bring your knitting and enjoy the conversations. We have patterns and yarn for your project. Yarn donations gratefully accepted. Call Joan at (240-833-2724) if you have any questions.

Musical Jammers: We gather informally once a month with other amateur musicians, singers and lovers of music to sing, play music and have fun – no dues, no meetings, no agendas, no commitments. Our next meet-up is Monday, July 10, at 10 a.m. in Clubhouse II. All instruments and voices are welcome. Questions? Call Richard Lederman at (301-598-1132).

The Philadelphians: We meet on the first Sunday of the month at 11 a.m. in Clubhouse II by the fireplace. If you were born, raised, went to school or lived in Philly, you are welcome to join us.

Quilt Group: Come and join our fun group as we work on our individual projects. We now include those interested in all needlework and knitting. We meet the second and fourth Thursdays in the Clubhouse II multipurpose room at 9:30 a.m. If you have any questions, call Clydis Kellough at (301-642-2430). Our next meeting is July 13.

Stitchers Group: Needlepoint, cross-stitch and more. If you enjoy stitching or would like to learn, we meet every first and third Thursday from 10 a.m.-noon in the Clubhouse II multipurpose room. Come and share your finished work and enjoy stitching with us while we learn new skills together. Call Audrey at (301-598-4903).

Short Story Group: The Short Story Group meets at 11 a.m. on the first and third Wednesdays of the month in Clubhouse I. For information, call Beth Leanza (301-598-4569).

Members discuss their collections, including first day covers, day of issue programs, yearbooks, coins, medals and more. Stamps are shared for "show-and-tell," and we hold an auction of members' stamps. In addition, a gift certificate from Coins of the Realm in Rockville is awarded as a door prize at each meeting. All residents and non-residents are welcome to attend. Annual dues are \$5. If interested, contact Rita Mastrococco at (301-814-9196).

Wood Shop Users Group: The wood shop is located on the lower level of Clubhouse I; the entrance to the shop is off Gleneagles Drive. It is open Monday through Friday, 9 a.m.-3 p.m. and Saturday 9 a.m.-noon. An experienced monitor is on duty when the shop is open to assist members with their work and provide instructions in the use of shop equipment. ■ Lawn Bowls Club

Club Welcomes New Members

Nancy Callan, left, looks on as John Holl rolls a ball across the bowling court next to Clubhouse I. Photo by Betty Smith

by Betty Smith

As I headed toward the open blue skies and perfectly manicured lawn of the golf course one day, I saw the lawn bowlers dressed all in white, ready to hurl bowling balls down the green in an attempt to get closest to the one small white ball in the bunch.

I sat at a table not far from the bowling court to watch the players enjoying the game. As expected, I received

a warm welcome.

Just being outside in the fresh air was an amazing tonic after being shut in all day.

If you would like to learn more, and enjoy the cool breezes near the wisteria vine while waiting for a turn to bowl, stop by the court outside of the Terrace Room restaurant at Clubhouse II on Tuesdays and Thursdays at 5 p.m., weather permitting.

For a general overview of lawn bowling, go to (www.lawnbowling.org).

■ Lions Club of Leisure World

by Maxine Hooker

The celebrity golfer and luncheon keynote speaker is Andrea Roane, WUSA9's noon anchor and health reporter. The deadline for registration was June 30. However, there may still be available spots for players. For additional information and to confirm whether there are any openings, contact Yolande Campbell, tournament director at (240-970-5980) or (yoasp@hotmail.com).

Proceeds benefit Lions Club service projects. The entry fee is \$100 per golfer and includes green fees, cart, and lunch. Sign up forms are available at the Leisure World Golf Clubhouse and in the Lions Club mailbox at the E&R office in Clubhouse I.

Make all checks or money orders payable to Leisure World Lions Club. There is still time to sign up for the luncheon at a cost of \$20. Please note on form and check: Luncheon Only.

■ Tennis Club

Players Are 'Racking Up' Practices

by Alfonso Holston

After a rainy, early spring, Club activities are finally underway. Participation is strong at both round robin play and advanced players play.

Upcoming Events

In August, the Club participates in the annual picnic at Olney Park.

The year-end annual dinner is held in October.

Recent Events

Players enjoyed a tennis clinic with a professional tennis teacher in May. Members are looking forward to another clinic date before the season ends. 35 members gathered at Sole D'Italia Pizza on Wednesday, June 21, for the Club's annual pizza feast.

The Tennis Club was scheduled to meet on July 6, and the Tennis and Pickleball Advisory Committee (TPAC) on July 5. All residents are invited to attend the monthly meetings

and voice issues that concern them about the tennis courts at Leisure World.

At TPAC's June 7 meeting, Alfonso Holston became a member of the committee. Members discussed the repair of the table outside of the courts and the overlap of playing time between the pickleball players and the tennis players on Tuesday mornings.

Play Times

An agreement has been reached, and on Tuesday

mornings the pickleball players play from 8-10 a.m. on courts #1 and 2. At 9:30 a.m., the Tennis Club's round robin players play on courts #3 and 4. At 10 a.m., Tennis Club players also use courts #1 and 2, if needed.

All residents are invited to come out and participate in the club's round robin play on Tuesdays at 9:30 a.m. and Fridays at 9 a.m. Advance players play on Sundays, Wednesdays and Thursdays from 9:30-11 a.m.

Pickleballers Register for Clinics in Drove

by Susan Crawford

The next Pickleball Club member game night is scheduled for Thursday, July 20. Club members will be notified soon with the time and location of this always fun-filled evening.

On June 15, the Pickleball Club held a potluck dinner for members and their guests on the Clubhouse I lanai. Club member Richard Lederman played the

guitar and conducted a singalong after dinner that included many folk songs of the 1960s. Good food, good music, and good friends were the order of the day.

Clinics

Demand for the Pickleball Club beginner's clinic of the 2017 outdoor season exceeded expectations, and registration for the first clinic is already closed.

However, if you want to learn the game of pickleball, but missed the opportunity to participate in the first beginner's clinic, do not despair. When six additional persons contact Club president Donna Leonard at (301-598-4181) or (donna19381@verizon.net) to register for a clinic, another one will be scheduled.

Going Bananas Over Chess

by Bernie Ascher

The world has too many crises: national security crises, missile and defense crises, immigration crises, drug crises, environmental crises and financial crises.

Many books have been written about crisis management. Crises are becoming commonplace. No wonder there is complacency about the banana crisis.

The banana crisis has been known for a long time. In the 1950s, fusarium fungus (“Panama Disease”) wiped out the entire Gros Michel (“Big Mike”) variety. The fungus lives in the soil and attacks banana plants at the roots, causing them to rot from the inside.

The Gros Michel was replaced by the Cavendish variety, which originally was immune to the disease. However, the current fungus strain now attacks Cavendish and has affected banana crops stretching from Southeast Asia to Australia, Africa and the Middle East. The fear is that it will soon strike Latin America, which produces large quantities of bananas for export, almost entirely the Caven-

dish variety.

Scientists are at work to save the \$36 billion industry. They have developed better ways to detect and track the fungus; herbicides to eradicate pests to the banana plant (some plantations are sprayed aerially as much as 50 times a year); and irradiation to destroy fungi. Through genetic engineering, the ultimate goal is to develop a mutant super banana completely resistant to fungal diseases.

Although bananas have existed for thousands of years, the first banana did not arrive in the U.S. until 1876, when it was introduced at the World’s Fair in Philadelphia’s Fairmont Park. In those early days, the banana was a delicacy, selling for 10 cents apiece, often wrapped in tinfoil and eaten with a knife and fork, according to the website (famousdaily.com).

Today, Americans eat more bananas than any other fruit – more than apples and oranges combined. More than 100 billion bananas are consumed annually in the world. 85 percent of the world’s banana production is used for local consumption, and only 15

percent is exported (mainly to the U.S. and Europe). 17 million tons of bananas are exported globally each year, almost all of which are Cavendish. Ecuador is the world’s largest exporter of bananas.

Contrary to general belief, bananas do not grow on trees; they grow as a plant in the ground. Bananas do not hang down from branches; they grow upward, defying gravity. Banana plants can grow up to 30 feet high without woody trunks.

Bananas are a healthy source of fiber, potassium, vitamin B6, vitamin C, and various antioxidants (substances that prevent cell damage caused by oxidation in the body) and phytonutrients (natural chemicals that may help prevent disease). Thus, bananas promote normal blood pressure and regularity of bowel function, contributing to heart and digestive health.

Unfortunately, while scientists search for solutions to banana diseases, America’s most popular fruit remains in danger of extinction.

Chess players at Leisure World are well accustomed to crises. Each game is a crisis. For example, in the game shown on this page, White’s Queen is threatened by Black’s Knight at c6 and also by Black’s Queen at d8. However, it is White’s turn to move. What is White’s best move? (Note: There are two solutions.)

The answer follows our reminder that the Chess Club meets on Monday, Wednesday and Friday from 1-4 p.m. in Clubhouse II. Membership is free. For further information, call president Bernie Ascher at (301-598-8577).

ANSWER: (1) White’s Queen captures the Black Queen at d8, checking the King. Black’s Knight captures the Queen. White follows with Rook to f8. Checkmate! (2) White moves the Rook to f8, checking the King. Black’s only move is to capture the Rook with the Queen, whereupon White captures the Black Queen at f8. Checkmate!

So, do not wait for the next crisis. Do not wait for bananas to ripen. Do not wait for a banana shortage. Play chess now!

■ Duplicate Bridge Club

July 13: Learn How to Play Duplicate Bridge

by Jerry Miller

The Duplicate Bridge Club holds a free, mentored duplicate bridge game on Thursday, July 13, at 6:45 p.m. in the Clubhouse I Crystal Ballroom.

Duplicate bridge is a variation of contract or rubber bridge. It is called duplicate bridge because the same bridge hands are played at each table with scoring based on relative performance.

The evening starts with a brief description of duplicate bridge play and scoring. Then partners play about 12 pre-dealt hands. Mentors, who are experienced duplicate bridge players, are

available to answer questions during the bidding and play, and to discuss the hands after the session.

The competition includes others playing the same cards, so it makes little difference whether a player receives good or poor hands, as competitors hold the same cards. In this way, the element of skill is emphasized over luck.

Final scores are calculated by comparing each pair's result with other pairs who played the same hands.

After all the hands have been played, a print-out showing the hands just played will be available to take home and study.

We invite bridge players who are new to duplicate to come.

Bring a partner if possible, but if you come alone, we will try to match you up with one.

To help in planning, RSVP

to either Nadyne Cheary at (slamfan105@aol.com) or Aaron Navarro at (abn123@netzero.net).
