Directory of Contact Information Now Available on Resident Website

by Stacy Smith, Leisure World News

A directory of residents’ contact information organized alphabetically by last name, much like a digital phone book, is now available on the resident website, (residents.lwmc.com). In an effort to protect residents’ privacy, the website’s users must visit the directory and opt-in to have their contact information, including home address, email address and phone numbers, visible to other

residents, even if the user has given prior consent. Residents who opt-in to share their information in the directory may also opt out some or all of their information at any time. Residents must be signed up as users on (residents.lwmc.com) to access the online directory. The information included in the directory is not shared with any parties outside of Leisure World Management Corporation (LWMC).

Colony Thrives in Montgomery Mutual’s Bee Box

by Kimberly Y. Choi

The buzzing swarm was the idea of grounds assistant Aaron Tenley. In spring 2017, he realized Leisure World’s pollinator garden would make a good host for a crowd of live-in pollinators. He brought the idea to a Montgomery Mutual meeting,

figuring it had the funds and land to install a bee box. The proposal was met with excitement. No one disputed the worth of a small project to benefit the local environment. Tenley had never kept bees before. He took a class through the Montgomery County Beekeepers Association,

Getting Their Hands Dirty

Local Students Dig In at the Garden Plots

by Stacy Smith, Leisure World News

During two hot afternoons in April, with temperatures soaring unseasonably into the 80s, gardeners cultivated soil, carted wheelbarrows and poured bags of mulch, stopping every so often to swig some water or wipe away a bead of sweat from their faces.

Every year around this time, the garden plots are roused from their long, winter naps in preparation for spring planting. It's a tedious job that can require a lot of backbreaking work. But this year, a few more able bodies were on hand to help out.

Eight students from Our Lady of Good Counsel High School in Olney, Maryland, provided their time and labor to help 25 gardeners at the garden plots April 13 and 14. As "payment," the students earned community service hours that go toward the total 100 they are required to attain before graduation.

The students worked alongside the gardeners, did some heavy lifting and even learned a thing or two about what it takes to have a green thumb.

One gardener taught her helper how to make tea from the dandelions in her organic

garden, and another watched as resident John Biedenkapp used a rototiller, a machine she'd never seen before, to break up the hardened soil in his garden plot.

Biedenkapp, who lives with several health issues, "doesn't really have the energy or stamina to do the plowing and digging and all the hard work," said his wife, Shelby.

"He was just thrilled to have the help," she added. "He couldn't have had a garden this year if it hadn't been for the kids."

Biedenkapp and his wife were so impressed with the students' work that they sent a letter to the school thanking them.

Some gardeners and students got to know one another a little better as they took breaks to ride out the heat, including event organizer Mary Lalley, who sipped water from under her straw hat.

Earlier that day she'd planted hardy, winter crops such as onions, carrots and radishes, that can withstand the few frosty nights that likely still lie ahead.

As Lalley chatted with folks in the cool shadow of a shed, a student noticed the long-time Garden Plot Group member hadn't received much help yet herself because she'd been so busy tending to everyone else's needs.

"When are we going to do something for you?," she asked Lalley.

And with that, Lalley and the student walked off together to empty some heavy bags.

"The kids who came were wonderful, hardworking and generous," Lalley said.

By mid-summer, the 260

garden plots at Leisure World will brim with flowers, herbs and vegetables ripe for harvesting. But for the time being, the gardeners and their helpers have reaped something perhaps even more substantial – the feeling of satisfaction that comes from a job well done.

tion, which encourages county residents to raise bees on their property.

By the time he completed the course last spring, it was too late in the year to start the project. He waited until the following year and implemented the bee habitat this March.

In the Bee Zone

The bees reside by the drainage creek at Montgomery Mutual. A wire fence encloses a several-foot radius of their box, complete with an illustrated sign: “Warning: Bee Hive. Do Not Approach.”

Establishing a new colony began by bringing some bees together with a different colony’s queen bee. The foreign royal had a small, private chamber until she grew familiar

enough to the rest of the colony to ensure they would not attack her.

Tenley continues to monitor the queen and her “subjects.” As of his last visit, she is alive and well.

If all goes as expected, the bees will build a hive in the box, and eggs and larvae will appear.

Tenley replenishes their sugar water supply as often as needed. As flowers come with the advancing year, nectar will replace the sugar water as their source of food. Some bees can already be seen returning home covered in the pollen of nearby blossoms.

The bees are generally not aggressive during Tenley’s tasks, unless the sugar water is depleted and they are hungry. Still, precautions must be taken.

When the bees need to be placated, he uses a device that emits smoke, which temporarily lulls them. He wears a hat with

a veil covering his head – the only time he was stung was the day he neglected to fasten the veil properly, and a bee crawled underneath and stung his face.

Project Outcomes

Tenley is often asked what will be done with the honey. Honey shouldn’t be collected in the first year, as bees only produce enough to sustain their own needs; in subsequent years, they make about 50 percent more.

Even next year, it is uncertain whether Tenley will collect that surplus.

“It’s a complicated process,” he said.

Collecting the honey entails cutting sections of the honeycomb and waiting for the honey to slowly ooze out.

Montgomery Mutual residents are pleased with the

project, Tenley said. They often ask him how the bees are doing.

The bee box and pollinator garden are Leisure World’s part in a larger effort to restore populations of insects and other animal pollinators that have been declining globally in recent years. By facilitating plant reproduction, pollinators play an important role in ecosystems and agriculture.

Tenley believes Leisure World is “going in the right direction” with respect to caring for the land it’s situated on. He sees his beekeeping efforts, along with other measures, such as reducing pesticide use and planting trees, as a demonstration of Leisure World’s increasing commitment to environmental protection.

Delivering a Personal Touch to Personal Finance

Signal Financial staff reflect on their rewarding work at Leisure World

by Kimberly Y. Choi,
Leisure World News

Once in a while, Signal Financial Federal Credit Union offers not just finance brochures and money management tips, but sweets and snacks as well. The office even twinkled during the 2017 winter holidays with a colorful pine tree and snowy décor.

Staff took part in a lighting of the menorah with the Jewish War Veterans chapter. On another day, Santa Claus and one of his elves, played by branch manager Nabiha Zayat-Calcutt and member relationship specialist Colin Creighton, emerged from the Credit Union to distribute candy canes.

If Signal Financial ‘signals’ something, it is warmth. Warmth radiates to its visitors in the form of tea, coffee and hot chocolate, and friendly conversation.

The staff’s interactions with residents and involvement in the community show how far removed Signal is from the cold transactions of a bank, according to Zayat-Calcutt.

The two types of institutions offer similar services, but Zayat-Calcutt feels working with a credit union is quite different, as it provides an atmosphere that reflects its not-for-profit business model and community ownership.

When a bank makes more money, it generates profit for the company; when a credit union makes more money, the funds return in the form of increased dividends to its members.

“Members,” Zayat-Calcutt reminds her co-worker who comes from a banking background – because a credit union has no place for customers.

Building Relationships

Like a banker, Zayat-Calcutt speaks of Signal’s financial services in terms of the “relationship” produced between the member and the institution. Members can strengthen their relationship with Signal through typical financial services: savings and checking accounts, loans, money market accounts, debit cards and more.

She says, though, that a credit union differs from a bank in that relationships far exceed what the term means to the banking industry.

Members come in asking to chat with particular Signal employees. Member relationship specialist Armela Omerhodzic recalls the time a resident who had recently suffered a serious medical event nevertheless remembered Omerhodzic’s birthday and brought her chocolates.

Financial Milestones

Financial services are inevitably tied to life events. The Leisure World branch only opened last year, but staffers say they have already grown to feel a concern for residents’ lives beyond their finances. Co-op lending services enable the purchase of a Leisure World property; a loan funds a milestone purchase; financial planning accompanies a retirement.

One woman came into the office on her 99th birthday to open a five-year share certificate, the credit union counterpart to a certificate of deposit (CD). Seeing her determination to prepare for a solid future at any age has been one of Zayat-Calcutt’s most rewarding moments on the job.

Branching Out to the Community

Zayat-Calcutt “grew up in credit unions” and appreciates their culture, but working with Leisure World residents has proven especially fulfilling, she says.

“You get to be family, be community with everyone here,” she says.

The staff has forged that bond in part by getting involved in the community’s activities. Some staff members have been invited to club meetings including those of the NARFE, Rossmoor Art Guild and Camera Club.

Originally the idea of Signal’s CEO François Verleysen, a wall inside the Credit Union displays artwork and photographs created by residents. The wall alternately features Camera Club and Rossmoor Art Guild creations.

Signal staff members choose some of the art contest themes and even cast their own votes for best submission. The Quilt Group recently decided to contribute some of their work for display as well. Zayat-Calcutt has gotten to know some Credit Union members on a personal level when they chat about their artwork.

Signal’s Services

Signal Financial offers an introduction to its services at a free seminar, “Why Signal?,” on Monday, April 25, from 1-2 p.m. at the Clubhouse Grille in Clubhouse I.

Signal Financial has distributed information at club events and new resident orientations, and presents other free seminars on a variety of financial topics. The seminars are open to Credit Union members and non-members alike.

Residents and their family members are eligible to join. Membership provides access to services similar to a bank’s, though often with higher annual percentage yields. Signal offers several product bundles as well that require residents to meet several conditions but pay higher dividends.

Signal keeps current with its use of technology through ATMs and online banking, but those less able to use technology needn’t be intimidated. Staff offers tutorials, and the branch welcomes members who would rather conduct transactions in person.

While Signal’s own locations are all in Maryland and Washington, D.C., members who leave the area can continue to receive service at credit union branches and ATMs throughout the country that participate in the Shared Branching network.

More information can be found on Signal’s website, (signalfinancialfcu.org), or by calling its main number at (301-933-9100). The Leisure World branch is open Monday to Friday, 9 a.m.-3 p.m.

Keep It Green: Recycling Guidelines for Leisure World Residents

from the Sanitation Department

Leisure World has made responsible recycling a priority, but some of the Sanitation Department's collection practices differ from Montgomery County's. Understanding and following these guidelines can help hold down resident fees.

Leisure World does not take paper products to Montgomery County for recycling. Instead, as a cost saving measure, newsprint, cardboard and other paper items are collected separately from other recyclables and sold to an alternate recycling facility. As a result, the community saves the expense of paying to dispose of newsprint and cardboard and receives approximately \$40,000 per year from the recycler.

Place these items in your blue recycling bin; they are picked up

on the same day as your trash schedule:

1. Aluminum, bi-metal (steel/tin) cans, and aluminum foil products

Acceptable metals include: empty "non-hazardous" aerosol cans; all metal food, beverage, and pet food cans; aluminum foil products such as foil wrap, pie plates and other food trays; and tins from cookies, fruitcakes, popcorn and similar items. Items should be wiped off and cleaned as much as possible.

2. Glass bottles and jars (clear, blue, brown, green)

Rinse, remove caps and lids, and place bottles, jars, caps and lids separately into a blue recycling bin. No ceramic materials, mirrors, or window glass.

3. Plastics

Acceptable types of plastic (marked 1, 2, 3, 4, 5 or 7) include: bottles, containers, lids, jars, pails, buckets (with metal and plastic handles), food grade tubs; narrow-neck bottles that contained food, drink and household products (milk, juice, soda, water, salad dressing, cooking oil, shampoo, conditioner, and cleaning and detergent bottles); butter or margarine tubs; yogurt, cottage cheese and sour cream containers; mayonnaise and peanut butter jars; whipped topping containers, prescription bottles, deli containers and trays, tubs with lids, platter trays, ice

cream buckets, plastic beverage cups, laundry detergent tubs and buckets, kitty litter containers, painting buckets (up to five gallons), plastic lids and plastic flower pots.

Unacceptable types of plastics include: containers that held automotive or garden products (motor oil, antifreeze, and pesticide containers), plastic bags, plastic wrap, Styrofoam/polystyrene cups, trays and packaging, clamshell packaging (marked #6), microwavable trays, toys, kiddie pools, plastic flower tray packs (marked #6), other large plastic items.

Other Collections:

4. Newspapers, junk mail, inserts, cardboard (every Wednesday) and magazines (first Wednesday of each month)

If possible, place bundles in paper bags or tie them with string before placing in the blue bins.

Do not package newspaper in plastic bags, which are non-recyclable in Montgomery County.

5. Yard trimmings (grass, leaves, brush and Christmas trees)

Call the Grounds Maintenance Department at (301-598-1314) to arrange for pickup. Do not use plastic bags.

6. Fluorescent light tubes and bulbs

Fluorescent bulbs contain a thin mercury layer, rendering them household hazardous waste when they burn out and require disposal.

While fluorescent bulbs may be disposed of in the normal household trash, it is better to bring them to the Physical Properties Department for recycling.

With residents' continued assistance, Leisure World can maintain its ranking as one of Maryland's recycling leaders.

Reminder: No Dumping

The dumpsters located near Clubhouse I and II are designated for clubhouse trash disposal; they are not for individuals' trash or other discarded or unwanted items, such as furniture or household items.

☐ Special Strategic Planning Committee

Committee Seeks Residents’ Input

by Leisure World News

What do you value about life at Leisure World? How would you like to see the community evolve in the next 10 years?

The Special Strategic Planning Committee (SSPC) is seeking resident input regarding strategic planning for Leisure World’s future.

The SSPC encourages all residents to submit suggestions for strategic planning via email at:
(LWstratplan@gmail.com)
or by mail at:
(SSPC, 3701 Rossmoor Blvd. Attention: K. Ibanez).

For more about the SSPC and strategic planning, including a PowerPoint presentation given by the committee during three recent community forums, visit (residents.lwmc.com). Under the Documents drop down menu, click on Resident Document Locator, and then click on the Advisory and Special Committees folder. “Community Forum Presentation” is found in the 2018 Strategic Planning Special Committee folder.

Step In and Say ‘Ahhhh’

Between the indoor lap pool and the round social pool, the heated spa, or hot tub, provides a warm soak to a resident on a gray morning. In March, replacements and maintenance to filters and pumps kept the spa out of operation for more than a week. But its heater and jets are now back in service, and residents using the indoor pool complex in Clubhouse II can again enjoy the spa’s therapeutic benefits. Photo by Leisure World News

Leisure World of Maryland Resales

MONTH	RESALES	RESALES FUND FEES COLLECTED
January	26	\$91,218.80
February	17	\$64,918.00
March	39	\$149,518.00
TOTAL	82	\$305,654.80

The buyer of a home in Leisure World of Maryland contributes two percent of the home’s selling price to the Resales Fund. Currently, those funds are used exclusively for Facilities Enhancement Plan (FEP) projects, which are selected by the Leisure World Community Corporation board of directors.

Recent FEP projects include the Fitness Center in Clubhouse II and renovations to the restaurant and Maryland Room in Clubhouse I.

GOOD TO KNOW: SECURITY & TRANSPORTATION OFFICE

by Kimberly Y. Choi,
Leisure World News

The Security & Transportation office handles a variety of functions that pertain to getting around the area as well as keeping safe from unauthorized visitors while at home.

To find the Security & Transportation office from the Administration Building main lobby, follow the hallway to the right of the Post Office. At the end of the hallway, turn left. The Security & Transportation office is on the right.

Elisabeth Hamilton, the administrative coordinator of Security & Transportation, can also be reached by telephone at (301-598-1355) or email at (ehamilton@lwmc.com).

Security

Residents should contact the Security & Transportation office to report security incidents and concerns. Reports can be made either to Hamilton or to the staff at the Main Gate, which is open daily around the clock.

Leisure World’s security staff is responsible for

allowing or denying access to the community. Residents often visit the office to pick up vehicle decals that permit entry through the gates. Decals are available on Mondays and Fridays from 1:30-3:30 p.m., and Wednesdays from 9:30-11:30 a.m.

Residents who plan to have guests, host an open house for prospective homebuyers or hold an estate sale will also find required forms for these activities at the office.

However, the Security & Transportation office does not issue guest passes or assist when a guest pass is lost, as is sometimes mistaken; guest passes should instead be requested by residents at the Administration Building’s front desk. A maximum of eight guest passes are allowed per household.

Transportation

The office also provides shuttle bus schedules and information about other transit services: van transportation for residents with limited mobility, and “Dial-a-Ride,” Leisure World’s ride service for trips within the community.

Pedestrian Safety

With the summer months fast approaching, residents are reminded to pay special attention to the numerous pedestrians within the community.

Walking is an excellent form of exercise and many residents have taken up this pastime. The Security & Transportation Department reminds residents and employees that sidewalks should be utilized at all times; let the vehicles use the roadways.

Vehicular Traffic Please Note: Many people in the community are hearing or sight impaired and others walk slowly or have mobility issues. Remember, Maryland State Law mandates: “Pedestrians in a crosswalk, whether marked or unmarked, have the right of way.”

All pedestrians are reminded to:

- Wear suitable walking shoes for comfort to prevent falls
- Wear bright colored clothing when walking before dawn and after dusk
- Always carry a form of identification. This identification should include your name, address, any medical conditions and the name of a person to contact in case of an emergency
- When crossing at all intersections and crosswalks, be particularly attentive to vehicular traffic.

DAVID BLAIR

DEMOCRAT FOR COUNTY EXECUTIVE

INNOVATIVE IDEAS FOR SENIORS

Too many seniors are overpaying for medications or paying for medications they may not need. And some seniors aren't even taking the right medications. David started a business here in Montgomery County that provided affordable prescription drugs to millions of Americans. As County Executive, David will use his business expertise to implement new ideas, like his *Ask-A-Pharmacist* plan, focused on improving our seniors' health while lowering their medical bills.

ASK-A-PHARMACIST PLAN:

1. A team of pharmacists will visit our seniors for a **FREE** medication evaluation at retirement communities, senior centers and other community centers throughout the county.

2. Pharmacists will review medications and medical history to evaluate for things like:

- Harmful drug interactions
- Over-medication
- Unnecessary or duplicative medications
- Cheaper, generic and alternative medications
- Co-pay assist programs

3. Seniors will receive a personalized medications list to share with their doctor recommending ways to lower their medication costs and enhance their health.

This is just one of many ideas and solutions to move our county forward. **Learn more at BlairForMontgomery.com**

A Few Things to Remember

- Relevance:** Make sure that your submission is relevant to the LW community as a whole and not to just one person, mutual, or organization.
- Respect:** Remember that your opinion is about ideas, not individuals, and please avoid personal attacks.
- Brevity:** Being concise will ensure that your opinion will have maximum impact.
- Accuracy:** Document all factual assertions. Opinions that are backed up with facts are more powerful, but only if the facts are accurate.
- Ownership:** All submissions are subject to editing but you will have the opportunity to approve the edits before publication.

Opinions are strictly those of the writers

Reasons to Build a New Administration Building – A Rebuttal

I recently saw an article in my mutual's newsletter that gave reasons why Leisure World should build a new Administration Building. Because this article echoed various opinions and assumptions that have been heard throughout the Leisure World community, I feel compelled to offer some facts and counter-opinions in rebuttal:

"We have a small group... who suddenly do not like or approve... and have criticized what was done... with false arguments and charges..." The opposition is not "sudden"; it has been around for years. Nor is the group small. The number of letters in the Leisure World News that oppose the project far exceeds the number supporting it, and I have not seen a "false argument" in any of them.

"A new building would have additional space." There is plenty of space in the present building, so much that a whole suite of offices is rented to a real estate agency and another suite is rented to Montgomery Mutual, not to mention thousands of square feet for a private credit union, much of which is unused. Montgomery Mutual could provide its own space and we have no obligation to provide space for private companies. (Nor, in my opinion, should we.)

"Building would be energy efficient..." This may be true, but most people don't tear down a building at a cost of millions of dollars to save a few dollars on electricity.

"...and meet current building codes..." I don't think that existing buildings are required to meet current building codes, but even if they are, it would likely be cheaper to adapt to the new code than to tear down the building. How many 50-year-old buildings do you know that have been torn down because of changes in the building code?

"A new building would require a much lower maintenance cost." Sensible people don't tear down a building because it needs repairs, unless the cost of repairs is comparable to the cost of a new building. When Clubhouse I needed extensive repairs, the building was not torn down; instead, the repairs were made. Why is the Administration Building different?

"Staff would not have to move into temporary quarters and there would be no disruption to resident services..." With proper planning, a temporary move would not disrupt resident services, and anyway, some kind of move would be required even if a new building is built.

"Creation of 60-70 new parking spaces for hand-icap..." Handicapped spaces can be added or allocated in the existing parking lot and on surrounding land, if needed.

"This will increase the

number of people using our restaurants, which will help keep prices down." I doubt that more parking spaces will increase restaurant patronage, and even if it does, I don't think a slight increase will affect prices.

"Many of our residents are in need of better access to our Clubhouse I...There is an 8 degree uphill access... which is difficult to maneuver." The "uphill" is actually a ramp at the beginning of the walkway to the Clubhouse I entrance, similar to (but longer than) the ramp near the Administration Building entrance. If it is now considered too steep, I believe it would be a simple matter to relay a few slabs of concrete, without tearing down the building.

In my opinion, the only "benefit" cited above that could come close to justifying a new building is lower maintenance cost, and only if the cost of the necessary repairs is comparable to that of a new building. I mean, who would tear down a building so that a mutual can have space that other mutuals don't have? Who would tear down a building to avoid relaying a section of walkway? Who would tear down a building to avoid reallocating parking spaces? However, if repairs are needed, I think our Leisure World Community Corporation board of directors should tell us specifically what they are and then get a cost estimate for fixing them from a reliable contractor. This information should be given to the Leisure World community before spending \$5.2 million (and growing) on this project. This is a lot of money and it's money that

came from our pockets when we bought our units. Let's not waste it!

– Rodney Brooks

Kudos to the Restaurant Team

We've had to host guests many times this year. Our home is now downsized and we cannot host large dinner parties there, so we started inviting friends and family to our two restaurants at Leisure World. In both the Clubhouse Grille and the Terrace Room, we have been extremely pleased with the results.

It's a very talented team that can offer the friendly, neighborhood atmosphere of the Terrace Room and the Stein Room, but also be able to put on a somewhat formal and well-executed dinner party in the Clubhouse Grille.

Recently, we had a group of 15 and the event ran like a Swiss watch. The table was immaculately set and everything was ready and in order prior to the time of arrival. Each order was taken and delivered flawlessly, and the plates looked great and were served promptly, hot and delicious. The drinks from the bar were right each time, well made and quick. The food and drinks were outstanding and the service was truly exceptional. The professionalism and the pleasantness of the entire team impressed all of our guests.

Congratulations to the team for doing an excellent job and for providing some outstanding memories!

May 6: The American Indian Wars – An Epoch Surrounded in Myths

by Jonas Weiss

Peter Cozzens, author and editor of 17 books on the American Civil War and the American West, including the prize-winning book “The Earth Is Weeping,” presents a Fireside Forum program on Sunday, May 6, at 2:30 p.m. in the Clubhouse II auditorium.

Cozzens says that after a century of distortions and misconceptions about the history of the American West

Peter Cozzens, courtesy photo

after the Civil War, it's time to bring clarity and balance to the epic history of the Indian Wars and explode some myths about this period.

His version is a far more nuanced picture of the latter half of the 19th century than what Americans have seen in the past. Gone are the clean-cut good guys overcoming “savages” and Army and government leaders bent on genocide as portrayed in old movies.

Cozzens' view is that Indian tribes

were as much at war with one another as they were with incoming white settlers and the U.S. Army, and the ragtag Army was hardly a finely tuned killing machine.

Cozzens is a retired and decorated Foreign Service Officer from Kensington, Maryland.

Maurice Zeeman is the host for the speaker.

May 18-20: Musical Tribute to World War II Veterans Returns

by Fred Shapiro

Based on the positive reception the Musical Tribute to World War II Veterans received on March 2, residents will once again honor these heroes with three repeat performances on Friday, May 18, and Saturday, May 19, at 7:30 p.m. and Sunday, May 20, at

2 p.m. in the Clubhouse II auditorium.

The show's stage, a simulated radio station, includes projected newsreels and songs from the era. The show follows the course of the war from the bombing of Pearl Harbor on December 7, 1941 to the end of the war with the Japanese surrender on September 2, 1945.

President Franklin Roosevelt's "Day of Infamy" and Douglas MacArthur's "I Shall Return" speeches are included.

The show also includes music that dominated the period. You will recall favorites such as "Boogie Woogie Bugle Boy" by the Andrews Sisters, "Lili Marlene" sung by Marlene Dietrich, "Der Fuehrer's Face" by Spike Jones and "As Time Goes By" from the movie "Casablanca."

Julie Repeta, Bob Gotkin, Pat McConnell, Steve Bennof, Nancy Koski and Dave Weiss perform, along with Maxine Lewack on piano. The show's producer is World War II veteran George Jacobs.

At one point in the show, all veterans are asked to stand and be recognized for their service.

Tickets, \$10 per person (check only, payable to LWMC), are available beginning Tuesday, April 24, at 8:30 a.m. in the Clubhouse I

E&R office. Military veterans from all eras are admitted free of charge.

Sponsored by the Jewish War Veterans Charles B. Krieger Post 567, proceeds from the show will be distributed to veteran's organizations.

Students from the Duke Ellington School of the Arts, courtesy photo

Students from the Duke Ellington School of the Arts return to Leisure World on Saturday, May 26, at 4:30 p.m. in the Clubhouse II auditorium. This year, not only are piano selections performed but several flute and violin pieces are also featured.

The program includes “Piano Sonata No. 17 in D minor” (known as “The Tempest”) by Ludwig van Beethoven, selections from “Etudes” by Frédéric Chopin, selections from “Lyric Pieces” by Edvard Grieg, “Over the Rainbow” by Harold Arlen, the “Flute Concertino in D major, Op. 107” by Cécile Chaminade and many more.

The Duke Ellington School of the Arts piano ensemble recently returned from New York after participating in a WorldStrides Music Festival. Once again, the ensemble won a Gold Award, as well as an Adjudicator Award.

The mission of the Duke Ellington School of the Arts in Washington, D.C., is to nurture and inspire a passion for arts and learning in talented students who might not otherwise have an opportunity to develop their artistic skills.

Students come from every section of the District. Each student auditions for the opportunity to attend the school and must maintain a

satisfactory GPA in regular academic studies to participate in their arts classes.

This performance, sponsored by the E&R Department, promises to be another exceptional program by students from the Duke Ellington

School of the Arts. Tickets are \$7 per person, check or credit card (MasterCard, VISA, Discover) if over \$10. They go on sale on Tuesday, April 24, at 8:30 a.m. in both clubhouses E&R offices. Please bring your Leisure World ID.

Health Advisory Committee

April 28: Prescription Drug Take Back Day

by Mary Wells

For the third consecutive year, residents are encouraged to participate in National Prescription Drug Take Back Day on Saturday, April 28, by disposing of their discontinued, outdated or unused medications, including pet medications, at the MedStar Health medical center's drop-off location.

The disposal service is free and anonymous. Needles, illicit drugs, thermometers, inhalers, aerosol cans, hydrogen peroxide, lotions and liquids are not accepted.

The National Drug Enforcement Agency implemented a National Prescription Drug

Take Back Day in 2010. Each year, two days are designated as drug take back days – one in April and one in October. Leisure World is designated as an official site for this biannual event.

The service is provided for the safety and convenience of residents. Medications that may be ingested by accident or misused pose a health hazard to residents, children and pets.

The Health Advisory Committee has witnessed an overwhelming response to the past two Drug Take Back events and hopes to have a similar response on April 28. The Committee encourages all residents to dispose of their

unwanted medications.

The Health Advisory Committee and the Medstar Health medical center have established an ongoing Prescription Drug Take Back program in which residents may dispose of medications throughout the year.

A green collection bin is provided in the Medstar Health medical center's waiting room. Residents may drop off medications Monday through Friday from 8:30 a.m.-5 p.m.

The MedStar Health medical center is located at 3305 North Leisure World Boulevard.

May 15: Alternative Ways to Care for Yourself

Massage therapist Beth Armagost, courtesy photo

Acupuncturist Gail Koffman. Photo by Leisure World News

by Sandra McLeskey

On Tuesday, May 15, the Health Advisory Committee presents a panel of MedStar Health medical center providers who will discuss alternative ways to care for your health and well being.

Massage therapist Beth Armagost, dietician Karen Basinger and acupuncturist Gail Koffman present ways that individuals can care for themselves without medical intervention. The presentation is at 10:30 a.m. in Clubhouse I.

The three providers each present a short overview of how clients might benefit from their services, and entertain questions at the end of the program.

The presentation is free, but tickets are required and can be obtained beginning Tuesday, April 24, 8:30 a.m. at the Clubhouse I E&R office.

Providers

Armagost is a licensed massage therapist who is a graduate of Potomac Massage Training Institute. She has

a strong background in anatomy and brings a "full system" approach to massage. She helps her clients create goals that are designed to help improve overall health, not just help to ease aches and pains. If requested, she will consult with the client's other healthcare providers to develop an integrated plan. She is available in the medical center by appointment.

Basinger is a dietician with a master's in nutrition, and has extensive experience in counseling patients with a variety of health challenges about diet and nutrition. She also teaches a nutrition

course to undergraduate students at Montgomery College. She is available at the medical center on Thursday mornings by appointment.

Koffman is a nurse practitioner that specializes in acupuncture. She completed a 300-hour course on medical acupuncture at Helms Medical Institute in 2011 and graduated from Maryland University of Integrative Health (formerly Tai Sophia Institute) in Laurel, Maryland in 2016 with a master's in acupuncture. She is licensed in Maryland and is available at the medical center by appointment.

Psychiatrist Departs Medical Center

Dr. Elsie Turner has retired from her psychiatry practice at MedStar Health medical center. Her last day on-site was April 12.

Patients who have questions or concerns about continuing their care are encouraged to call the medical center at (301-598-1590).

DeVries has been a medical provider at Leisure World since 2013 and is committed to providing quality dental care to residents.

Her practice focus includes restorations, crown and

bridge, implants, veneers and full and partial dentures.

DeVries strives to make her patients as comfortable as possible and is available to answer any of their questions or concerns.

Dr. Carmen DeVries. Photo by Fred Shapiro

She is a member of the American Dental Association and the Maryland State Dental Association.

She has a bachelor's of science in biomedical engineering and electrical engineering from Johns Hopkins University in Baltimore

and received her doctorate of dental surgery from the University of Maryland.

Her honors and activities include membership in Tau

Beta Pi, the Engineering Honor Society; Alpha Eta Mu Beta, the National Biomedical Engineering Honor Society; Gamma Pi Delta Prosthodontic Honor Society (University of Maryland School of Dentistry) and Gorgas Odontological Honorary Society (University of Maryland School of Dentistry).

In her spare time, DeVries is training for her first marathon and recently became a Girl Scout troop leader.

The May 21 presentation is free and tickets are not required, but residents are requested to register beginning Tuesday, April 24, at 8:30 a.m. by stopping by the Clubhouse I E&R office or calling (301-598-1300).

May 9: FISH Holds Annual Meeting

by Beth Leanza

The FISH organization holds its annual meeting and luncheon on Wednesday, May 9, at noon in Clubhouse II.

Regular volunteers are asked to RSVP in the FISH office, and past FISH volunteers are warmly invited to attend. Residents who are interested in joining FISH are also invited to come meet other volunteers and learn about FISH. Contact president Beth Leanza at (301-598-4569) if planning to attend.

FISH members do not meet regularly, so the annual meeting is a good opportunity to socialize with other volunteers and brush up on procedures.

Who We Are

FISH helps residents and employees by lending assistive equipment free of charge. All of the inventory is donated

and often includes items such as wheelchairs, walkers, commodes and shower chairs. FISH volunteers do their best to match the appropriate equipment with those who need it.

FISH is also the place to drop off donations to other causes. The Lions Club collects glasses and hearing aids and the Kiwanis Club collects can tabs, redeemed by Ronald McDonald House. Residents or the organizations they represent are welcome to set up a donation collection at the FISH office.

The FISH office, which also houses lost and found items, is located in Clubhouse II and is open Monday to Friday, from 10 a.m.-4 p.m., except for major holidays. The phone number is (301-598-1345). If the office is closed, an E&R staff member can assist you.

The final meeting of the season, also for members-only, is on Sunday, May 20, at 12:30 p.m. and includes the installation of new officers followed by brunch. Details are forthcoming.

April 25: LW Green Dedicates Organically Grown Tree

by Janice McLean

On Wednesday, April 25, LW Green dedicates an organically grown Yoshino cherry tree in honor of Heidi Cortese, the daughter of Leisure World founder, Ross Cortese.

With this donation, LW Green acknowledges the support that Cortese has given the Club by encouraging its formation and continued dedication to achieving an environmentally green community through education and advocacy.

The tree dedication is at 2 p.m. at Pollinator Park, located at the corner of Gleneagles Drive and South Leisure World Boulevard. The Park's grass and plants receive only organic treatments. Light refreshments

are served.

On April 14, LW Green sponsored a showing of the award-winning documentary film "Racing to Zero, In Pursuit of Zero Waste" which emphasizes that

nothing in nature is waste. The presentation was a follow-up to the LW Green-sponsored field trip to the Montgomery County Recycling Depot.

April 27: Arbor Day Program and Tree Planting

Magnolia Park. Photo by Jean DeSchriver

by Jean DeSchriver

Residents and guests are invited to join the Garden and Environmental Club for an educational program and tree planting ceremony to celebrate National Arbor Day on Friday, April 27, at 10 a.m. in Clubhouse I.

McFall and Berry Landscaping Company will provide refreshments and present a short program about Leisure World's trees.

Landscape architect Ginger Woolridge will also present an informative talk to the group. Woolridge recently served as a consultant for the "National Geographic Kids Ultimate Explorer Field Guide: Trees" children's book.

Her professional experience includes garden design, and she is a master naturalist certification candidate. She enjoys discussing her favorite native plants and the important role they play in supporting the diminishing native insect and bird populations.

The group will then go outside for the tree planting ceremony, which is held near Daffodil Park next to Clubhouse I.

Proceeds from the Annual Spring Tea are used to purchase the tree, an overcup

white oak. Unlike most of the Club's donated trees, which are ornamentals, the overcup is a medium-size tree that provides shade.

Arbor Day History

The Garden and Environmental Club has planted a tree every year since 1988, the year

that Leisure World was recognized as a "USA Tree City." The Arbor Day trees are planted on Leisure World Trust property.

Four trees have been planted in Magnolia Park, located on Trust property near Turnberry

Courts. This park, which is available to all residents and their guests, has charcoal grills and picnic tables. It is a beautiful place for a cookout and can be used without reservations. At the Arbor Day meeting, members and guests may obtain a chart listing all of the Club's trees that are still living and where they are located. Each tree has a marker with its Latin and English name.

It is a joy for the Garden and Environmental Club to play a small role in enhancing the community, and the Club hopes that residents will join in celebrating Arbor Day.

May 9: 'Weird Stuff Out West'

A lenticular cloud at Mount Rainier National Park in Washington. Photo by Frank Roddy

by Frank Roddy

Have you ever heard of slot canyons, hoodoos, fumaroles, lava tubes, lenticular clouds, jokulhlaups, moraines, lahars, pyroclastic flows, obsidian flows, haboob or calderas?

Come to the Group's next meeting on Wednesday, May 9, at 7 p.m. in Clubhouse II to hear speaker Frank Roddy discuss these unusual geological formations and share photos from the Western U.S. during his presentation, "Weird Stuff Out West."

Slot canyons form when water flows through cracks in the harder surface rock and erodes softer rock beneath. Hoodoos, "legend people" in Paiute

mythology who were turned to stone as punishment for bad deeds, have boulders delicately balanced on the tops of tall columns.

Lenticular clouds make a volcano look as if it is erupting, but without noise. In 1963 and again in 1998, terrible jokulhlaups, Icelandic for glacial floods, occurred on a U.S. volcano thought to be dormant.

Volcanic lahars, Indonesian for volcanic mudflows, have killed many people in the U.S., and a number of towns will be threat-

ened when another eruption occurs. Pyroclastic flows, dense, destructive masses of very hot ash, lava fragments, and gases ejected explosively from a volcano and typically flowing downslope at great speed, occurred on Mount St. Helens.

While Lewis and Clark were traveling in central Oregon by the Columbia River, a volcano erupted obsidian, a black, volcanic glass. A haboob, Arabic for dust storm, can occur in the Western deserts at any time.

Would you believe that people

walk around inside several active volcanos in the U.S.? Come join the Group on May 9 and find out where the nearest volcano is to Washington, D.C., and why the folks in Monterey, Virginia, have special directions to their airport.

Roddy's interest in lapidary arts (stone cutting and polishing for jewelry) was piqued when his father made jewelry by cutting and polishing stones.

For information about the lapidary shop, contact shop steward Mark Parker at (240-723-5860). For information about club meetings and other activities, contact president Frank Roddy at (301-598-3698).

After eight months of photo competitions judged by expert photographers, Club members will likely be on the edge of their seats on Tuesday, April 24, as judge Frank Van Riper selects the best of the best, including Photo of the Year.

The competition is at 7 p.m. in Clubhouse II. All residents are invited to attend and enjoy the proceedings.

Besides two open competitions that featured any type of photographic subject, the Club had competitions featuring photos of building interiors, transportation, houses of worship and gardens.

Which photos prevail depends on the nature of the image, composition and technical qualities as judged by Van Riper.

The final competition on April 24 is a good opportunity for non-members to see and enjoy Club members’ work, get ideas for improving their own photographs or consider joining.

Van Riper is a popular teacher and lecturer, and is on the faculty of PhotoWorks in Glen Echo Park, Maryland. He has lectured widely, including at the Maine Photographic Workshops and the Smithsonian Resident Associate program.

In 2007, he was awarded the Distinguished Achievement Award from the University of Maine at Machias for his outstanding career in journalism and photography, and in 2011, he was inducted into the City College of New York Communications’ Alumni Hall of Fame.

Ensuring A Brighter Tomorrow for Art Students

by York Van Nixon III

Arts In Motion (AIM) has selected four seniors from James Hubert Blake and Wheaton high schools in Montgomery County to receive the AIM scholarship. Two students from the Duke Ellington School of the Arts will also receive part of the 2018 endowment for freshmen studying fine arts. This year’s scholarship fund totals \$8,000.

An awards ceremony is held on Sunday, May 20, at 2 p.m. in the Clubhouse I Crystal Ballroom.

All residents are encouraged to attend and meet this array of tomorrow’s artists who possess exceptional talent and academic achievement.

Playing the Fool for Art

by Ann Bolt

Artists can fool some of the people some of the time, so come to Clubhouse I and see if Nancy Veit can fool with the realism of her trompe l'oeil (French for “deceive the eye”) painting.

Other Clubhouse I exhibitors this month include Donna Ward, Marvin Sirkis, Jeanette Shapain, Ann Bolt, Teresa Milne, Faith Chin, Phyllis Lowinger, Nancy Albrecht, Kathy Hopkins, Gehan Elgamal, Houston Hancock, Billie Van Wiern and Barbara McCool.

Their artwork includes landscape scenes, still life, city scenes, mixed media, portraiture and abstract paintings.

Open Studio Project

The Open Studio “Reflection” project continues this month. For May, students are working on the “50 Shades of Gray” project. Value studies in gray often lend themselves as under paintings in which a very thin wash of color is applied at the end.

Spring Sessions

Spring Session I is underway until the week of Saturday, May 19, and Spring Session II begins the week of Monday, May 21. Each session includes a six-week period. Students select a class and meet six times for two and a half hours each.

Choices include the usual oil painting with brush or knife, watercolor, miniatures, acrylics and drawing, plus independent study at Saturday’s Open Studio.

Plein Air

Have you ever painted outside, rather than painting inside by a window? The Rossmoor Art Guild (RAG) is considering forming a plein air group, as Leisure World’s grounds lend themselves to many interesting views.

Spring Fling

RAG members learn Chinese brush use and calligraphy from Bertrand Mao at the Open Hours, or Spring Fling, on Saturday, April 21. Be tempted by new approaches, skills and knowledge.

Reminders

April is a great month to show artwork. Residents may exhibit art in Clubhouse I, or by invitation at Clubhouse II or Signal Financial Federal Credit Union in the Administration Building.

Nearby exhibition locations include an Olney Art Association show at La Galeria at Ranazul Restaurant in Fulton,

At left, Nancy Veit’s realistic painting. At right, Maria Clark brightens up the activities bulletin board at the art studio. Photos by Ann Bolt

Maryland; a Montgomery Art Association show at Oasis Art Gallery, located in Macy’s Home Store in Montgomery Mall; and continuing exhibits at the Visitors Center at Brookside Gardens and the Sandy Spring Museum.

RAG member Maria Clark updates the bulletin board with local exhibition

opportunities in the foyer of the Art Studio.

Paintings for the next Clubhouse I exhibit are due by Tuesday, May 1. The paperwork must be completed and the painting properly wired and ready to hang. RAG can’t wait to see what its members have created.

Reviewing the First Three Rules of Ballroom Dance Etiquette

by Joyce Hendrix

One of the nicest aspects of ballroom dancing is the way that dancers follow the unwritten rules of dance floor etiquette. Residents who are new to ballroom dancing or just in need of a gentle reminder will do well to remember the 10

rules of ballroom dancing.

Rule One is that dancers always move around the floor in a counter clockwise direction to reduce, if not eliminate, the chance of colliding with another couple.

Rule Two is that if a dancer should collide with another couple, the dancer should smile and offer a sincere apology. Make sure your partner is alright, shake it off, reestablish your frame and keep dancing.

And Rule Three, one of the most important of the 10 rules for everyone's safety and enjoyment, is that the faster-paced dancers customarily travel the outer edge of the dance floor.

Slower dancers typically move to the inner lanes of the dance floor in the traveling dances, which include foxtrot, waltz and tango. The dancers practicing a new step use the innermost center of the dance floor.

Membership

The Club is still accepting new and renewal memberships. Dancers who have yet to join the Club or renew their membership are asked to bring a \$10 check, payable to LWBDC, to the next dance.

The \$10 membership fee entitles Club members to pay \$10 per person at each of the 2018 dances. Guests and non-members pay \$15 each.

Dance Information

The music played at the Club's dances is from all eras, from The Roaring '20s to current day

music, including waltzes, foxtrots, Viennese waltzes, rumbas, sambas, tango, cha chas, merengues, quickstep, swing and polkas played in strict ballroom tempo.

Upcoming Dances

The Tony Luciano Band provides the music for the Saturday, April 28, dance from 7:30-10:30 p.m. in the Clubhouse I Crystal Ballroom. For more

information, see the Events and Entertainment section of this publication.

The next dance, on Saturday, May 26, features Mike Surratt and the ECB's.

■ Fun and Fancy Theatre Group

Get Tickets for Final Leg of Musical Revue

by Hannette Allen

Fun and Fancy Theatre Group's big, exciting musical revue is entering its final weekend of performances.

Residents can still purchase tickets on Friday, April 20, from 11 a.m.-2 p.m. in the Clubhouse I lobby and on Saturday, April 21, and Sunday, April 22, starting one hour before curtain time in Clubhouse II. Tickets are \$10.

From a relatively dark, mildly decadent scene in a Berlin nightclub, which opens the show, to a tuneful and bright finish with the whole cast singing melodies of "Hello Dolly," 39 Fun and Fanciers will surprise with a song-filled patchwork of the busiest decade on Broadway in the last century.

Theatergoers will also take side trips to 1900s New York for "Funny Girl," and to 19th century London for a rollicking tribute to the international hit "Oliver!"

The art and set design by Betty and JJ Boulin is a great

step forward for this talented husband-wife team. Music and sound design is by Euclid Coukouma, with Sue Rae, and the lighting design is by Mike Heyman and Irene Shaulis.

Ken Tash serves as musical technical consultant. Costume coordination is by Carol Neckar, who co-produced the show with Abigail Murton. Music direction and piano accompaniment are by Elaine O'Leary, and choreography is by Gerry Kaufman, assisted by Elaine Apter. Allan Okin directed the production based on his ideas.

Play Readers

At the Wednesday, May 2, meeting, the play reading groups present several short readings. The groups are a new venture for Fun and Fancy that promises to be very interesting.

Membership will also vote on the slate of officers for the coming year. The May 2 meeting is at 7:30 p.m. in the Clubhouse II auditorium. Admission is free for members and \$5 for guests.

Gilbert and Sullivan Gears Up For Summer Performances

by Maggi Lindley

After a quiet winter, the Gilbert and Sullivan Society is coming out of hibernation and looking forward to its August production of "The Pirates of Penzance."

The Group has a busy spring and summer ahead, beginning with auditions in May; details are forthcoming. The annual "Spring Fling" kickoff party is on Wednesday, May 16.

Rehearsals begin on Tuesday, June 5, and are Tuesday and Thursday evenings throughout June and July, with more intensive rehearsals in August in preparation for the production.

This year's show is scheduled for Friday, Aug. 24, and Saturday, Aug. 25, at 7 p.m., with a matinee on Sunday,

Aug. 26, at 2 p.m. The production is directed by Beth Youse, with Elaine O'Leary as musical director and Maggi Lindley as producer.

"Pirates" is one of Gilbert and Sullivan's most popular operettas. It was presented at Leisure World in 2011 under the direction of Jack Melnick, who founded the Gilbert and Sullivan Society of Leisure World in 2009.

Set in a coastal village in Cornwall, England, it is a topsy-turvy tale about a Major General's bevy of daughters who get mixed up with a bunch of (heaven forbid) pirates being sought for arrest by a group of rather incompetent policemen.

Mabel, the youngest of the daughters, falls in love with the pirate's apprentice, and the plot thickens from there. What happens in the end?

Come see the production to find out!

The Group welcomes all who are interested in Gilbert and Sullivan to join. The Group needs singers, but also has a plethora of jobs available behind the scenes, including ticket takers, set builders, dressers, makeup

artists and others.

If interested, email Maggi Lindley at (magzjlindley@gmail.com) with "G&S" in the subject line of the email. The Gilbert and Sullivan Society meets the first Thursday of each month at 1 p.m. in Clubhouse II. Hope to see you there.

■ Book Club Network

Several Book Clubs Now Have Openings

by Verna Denny

The Book Club Network currently has a few openings in its General Interest book clubs.

Residents who are on the waiting list, new to Leisure World or have been considering joining a book club are encouraged to attend a meeting. The Book Club Network is open to all residents who love reading.

The Book Club Network is a collection of book discussion groups, small in size – eight to 12 members per group – whose purpose is to provide a forum for residents to get together with other avid readers to read and discuss their favorite books. Members meet each month to talk about a specific work chosen by their club.

In addition to creating an atmosphere of learning and helping members stay motivated

to read, the Book Club Network provides a social component. The small discussion groups provide for personal and intimate experiences, along with social interaction, and allow each member to have input into the proceedings. Meeting new people with fresh views helps to stimulate the growth of the mind.

The Book Club Network currently includes nine small book clubs: five general interest clubs (Diversity Strong, Searchers, Rose Readers, Fall Readers and Bookies); two topical clubs (The African Heritage Club and Literary Ladies Who Lunch) and two mystery book clubs (The Sleuths and The Suspensers).

For more information about the different clubs, or meeting times and locations, contact Verna Denny at (301-598-1418) or (verhd@msn.com).

A Brief History of the Rossmoor Library

by Barbara Long

The library had its humble beginning in April 1967 when 14 residents met with the goal of providing library services to the community.

They processed hundreds of donated books and wrote basic procedures, by-laws and rules and regulations that are still in use today, with some revisions.

The early library was in the Administration Building. As the collection grew, more space was required, and the library moved to Clubhouse I.

Betty Hughes, a Guild member, remembers the days when books were hand stamped at check out. A few

of those cards remain in the backs of the oldest books.

As years went by though, the need to modernize arose. Guild members automated the collection using donated

computers and a customized database. Two terminals were installed at the checkout desks. The system went live in July 2008 with a bar code check-in/check-out.

Since then, the collection has mushroomed, and residents expect online access to renewal of books.

Expectations continue to soar as surrounding public libraries continue to offer state-of-the-art services.

A new committee was formed at Leisure World to upgrade software and

hardware to keep up with changing technology. The library has transitioned from books on tape to CDs and from videotapes to DVDs. The future holds possibilities unthinkable 10 years ago.

“We are a fiction/bestseller library,” Hughes said. “We

are your friendly neighborhood place for books and information. We tailor purchases to the demographics of the neighborhood. We interact with the community. What more could you want?”

■ Computer Learning Center

Center Seeks Volunteers

The Computer Learning Center seeks friendly, tech-savvy volunteers to monitor the Center and assist residents with the basics of email set-up, printing and internet searches. The Center has both Mac computers and Windows desktops, and is a great resource for residents to learn and meet other residents.

Individuals who have a minimum of two hours per month to volunteer are encouraged to stop by the Computer Learning Center in Clubhouse II and fill out an application. Volunteers are able to access free online training courses as needed.

May 11: Climate Scientist Discusses Climate Challenges and Solutions

by Fred Shapiro

From transit and zero waste to community solar and green buildings, solutions to Montgomery County's environmental and climate challenges abound.

Join climate scientist Danielle Meitiv on Friday, May 11, at 2 p.m. in Clubhouse I to learn about the current and projected impacts of climate change in Montgomery County, and listen as she discusses a comprehen-

sive environmental agenda to meet the county's ambitious climate emergency goals.

The presentation is free, but residents are requested to register beginning Tuesday, April 24, at 8:30 a.m. by stopping by the Clubhouse I E&R office, or calling (301-598-1300).

Whether its the shrinking glaciers or

windstorms sweeping the nation, the impacts of climate change have been evident in recent years, and understanding them can help explain the role of humans and their actions.

Meitiv earned a master's in oceanography from the University of Rhode Island.

For the past 20 years, she has worked on

climate and environmental policy for the National Oceanic and Atmospheric Administration, the EPA, the World Bank, the Environmental Defense Fund and others.

She became known as the "free range mom" when she stood up for her family after her children were detained by police for walking home from a playground without an adult.

She lives in downtown Silver Spring.

May 15: A Voyage to Antarctica

Resident Dianne Bradley, center, shares experiences and photos from her time in Antarctica during a lecture on Tuesday, May 15. Photos by Dianne Bradley

by Arthur N. Popper

Resident Dianne Bradley has been to Antarctica and extolls its magnificence.

Bradley and her husband, Maurice Zeeman, are avid travelers. Bradley has been to all the states in the U.S. and all the continents, including guest speaking in schools in Australia and New Zealand, hiking to the Sun Gate in Machu Picchu, swimming with sharks in the Galapagos, and going on safari in Africa.

As a former teacher, she loves to share her experiences in talks that are filled with wonderful photos.

Bradley shares her experiences, photos and videos of the southernmost continent

in a special lecture presented by the Center for Lifelong Learning (CLL) on Tuesday, May 15, at 2 p.m. in Clubhouse I.

The lecture is free, but residents are asked to register beginning Tuesday, April 24, at 8:30 a.m. by stopping by the Clubhouse I E&R office or calling (301-598-1300).

During this presentation, Bradley explains what a voyage to Antarctica entails and shares her experiences of the voyage and of being in Antarctica. The talk is designed to give residents a vicarious trip to Antarctica the coldest continent on Earth or help them prepare for one.

As part of the talk, Bradley takes participants along on her adventure to this white

wilderness. They travel with her through the high winds and waves of the treacherous Drake Passage to the calm seas of the Beagle Channel where the whales put on a whale of a show.

She guides the audience through the Lemaire Channel full of icebergs, and introduces them to some of the most beautiful scenery in the world. The audience joins Bradley as she boards the Zodiacs and makes wet landings.

She shares her experiences with the unique Antarctica penguins as they interact with each other and slide around on the ice. Be there for a surprise penguin visit!

Bradley and her husband moved to Leisure World

almost three years ago. They have always enjoyed traveling, but their interest in other countries was heightened when they hosted a dozen exchange students over the years from Japan, Germany, Greece, Albania, China and Russia and subsequently attended weddings in Japan and Germany.

When they weren't traveling in other countries, they were able to experience the U.S. through the eyes of youth from around the world. Bradley now serves on the Board of Trustees for Youth for Understanding Intercultural Exchange headquartered in Washington, D.C.

For more information about all CLL courses and lectures, see (www.cllmd.com).

April 24: Victor Borge Revisited

Rae Cooper presents a program on comedy and piano virtuoso Victor Borge. Courtesy photo

by Dave Edfors

On Tuesday, April 24, the Unitarian Universalists of Leisure World (UULW) presents a program celebrating the life and times of pianist-comedian Victor Borge. The program is at 2:30 p.m. in Clubhouse II.

The Danish-born Borge perfected a blend of comedy and virtuosic piano that combined musical satire with impromptu gags and verbal quips. His comedy has a unique style that he developed in Scandinavia before escaping to the U.S. in 1940 when the Nazis invaded Denmark.

Fellow UULW member Rae Cooper who has been a lifelong fan of Borge, having attended numerous live performances, presents the program.

Cooper's curiosity has spanned several careers as an educator, public servant and small-business owner.

She enjoys playing piano, writing, supporting music scholarships in Montgomery College and caring for the homeless community.

Join the UULWs on April 24 for this informative and entertaining presentation, which is followed by light refreshments and

conversation.

Residents don't have to be a UULW member to attend its meetings. All residents are welcome.

The program is sponsored and organized by the UULW, a faith-based organization associated with the Unitarian Universalist Association of Congregations in Boston, Massachusetts.

For more information about Unitarian Universalists, visit (www.UUA.org). For more information about the Unitarian Universalists of Leisure World, send an email to (mike_benefiel@yahoo.com).

The Judaic Study Group meets on Monday, May 14, at 1:30 p.m. in Clubhouse I. The topic is the upcoming festival of Shavuot, the Feast of Weeks.

Jewish people associate many things with Shavuot, such as receiving the Torah at Sinai, counting the Omer, eating blintzes, eating dairy, reading the Story of Ruth, staying up all night studying and more.

But do we know where all these traditions arise? Is Shavuot a harvest festival or a religious festival? Is it biblically ordained or rabbinic? Even the actual date of the festival is a bit fuzzy.

Join the Group and contribute to the ongoing discussion. Bring answers, or even more questions. All are welcome.

Pin Sale

Hadassah continues selling unique pins, handmade by resident fabric artist, Bobbi Gorban. The pins are \$18. Order forms are available at each Hadassah meeting, or pick one up in the Hadassah mail slot at the Clubhouse I E&R office.

■ NA'AMAT RBZ Club

Shabbat Service and a Donor Luncheon

by Carole Mund

Join the NA'AMAT RBZ Club on Friday, May 4, in celebrating Shabbat service at 7:30 p.m. in The Inter-Faith Chapel.

Each year, NA'AMAT has the privilege of sponsoring and supporting the monthly services provided by the Jewish Residents of Leisure World. NA'AMAT members actively participate in the service. The coffee and cake (Oneg) following the service provides time to meet and greet members of the community.

Donor Luncheon

The Donor Luncheon is on Thursday, May 10, at 11:30 a.m. at Norbeck Country Club. It is always a wonderful event with good food and entertainment.

Prince Havelly is back to perform by popular demand. His repertoire includes music and songs from a variety of genres. He truly sounds like the artists that made the songs famous.

The event celebrates Club members' participation during the past year. The many activities the Club enjoys not only create opportunities for socialization with friends and neighbors, but also serve as fundraisers to support the many programs NA'AMAT provides.

Participants who have achieved the individual \$50 donor credit goal are invited to attend the luncheon, and new donations can help meet the goal. Donor credit is simply money attributed to each member over the cost for participating in activities sponsored by NA'AMAT.

If attending, send a \$35 check, payable to NA'AMAT RBZ, to Theda Rosenblum at (3330 North Leisure World Blvd., Apt. #115, Silver Spring, MD 20906). Include the names of people you'd like to sit with on the check. For questions, call Theda at (301-598-9105).

Tzedakah

Tzedakah is a custom of

donating loose change to charity on each Sabbath. NA'AMAT has little puskie boxes to encourage members to save and donate.

Every penny counts in supporting the many programs NA'AMAT sponsors to provide services to women and children.

Carol Milwit is the coordinator for the collection and replacement of the tzedakah boxes. Just drop your change or maybe your mah jongg winnings into the box and Milwit will gladly collect the box and replace it with a new one. Full donor credit is given. For more information, contact Carol at (301-288-7534).

Tribute Cards

NA'AMAT is a charitable organization dedicated to helping NA'AMAT Israel provide educational daycare programs, vocational training and legal aid for women, services and assistance for new immigrants and centers for the prevention and treatment of domestic violence.

Tribute cards are an excellent way to support and maintain these essential programs as well as attain donor credit.

NA'AMAT has cards to honor all occasions, from congratulations for a special event to memorial cards.

Each card is \$3.50 if purchased and sent by you or \$4.50 if sent by Linda Schoolnick, tribute chairperson. Full donor credit is given for each card. Contact Linda at (301-681-1076) with any questions.

Trips

An overnight trip to Dover Downs, Delaware, is planned for Wednesday, May 16 and Thursday, May 17. See the Club Trips section of this publication for more information.

For more information about the NA'AMAT RBZ Club, contact co-presidents Trudy Stone at (301-438-0016) or Gladys Blank at (301-438-9666).

Library of Congress Interviews Veterans

by Fred Shapiro and Dr. Naomi Dornfeld Platt

Given the varied and intensive experiences undergone by members of the armed forces, the U.S. Congress created the Veterans History Project in 2000 as part of the American Folklife Center in The Library of Congress.

The Veterans History Project's mission is to interview and video the reminiscence of veterans. The Center collects, preserves and makes accessible the personal accounts of American war veterans of all ranks so that future generations may hear directly from the veterans and better understand the realities of war.

The Jewish War Veterans Post 567 is sponsoring the project's leader, Dr. Naomi Dornfeld Platt, as she interviews Leisure

World's veterans in Clubhouse II. As a souvenir for participation, each veteran receives a DVD of his or her interview.

As of the beginning of April, more than 75 veterans have received their completed interview disks. Each participant's completed disk is also logged and submitted for storage in the archives of The Library of Congress.

A resident of Leisure World, Platt is privileged and honored to meet each veteran and share his or her private memories of military experiences. Each veteran entrusts Platt with their most precious memories, and she and her team have been forever changed by their stories.

Veterans who wish to be interviewed for the program are asked to call Platt at (301-598-7859) and leave a message.

The initial interview is in Clubhouse II, and the videotaped interview is in Clubhouse I at a mutually convenient date and time.

by Jack Colvis

The next meeting of the Kiwanis Club is on Wednesday, May 2, at 6:30 p.m. in Clubhouse I. Evening meetings offer membership opportunities to residents who work during the day or have other daytime commitments.

May 16: Celebrate Scholars at Luncheon

by Marcia L. Elbrand

Weather forecast for Wednesday, May 16: a beautiful, sunny day with balmy breezes and plenty of smiles.

That's the day more than 80 Rossmoor Women's Club (RWC) members, supporters and guests are expected to celebrate at the Club's Spring Luncheon at nearby Manor

Country Club, located at 14901 Carrolton Road in Rockville, Maryland.

The event, which starts at noon, features a choice of Caesar salad with grilled salmon or a Cobb salad with chicken breast. Warm rolls and butter, iced tea, lemonade, coffee and tea are served. Dessert is Manor's popular warm brownie sundae.

Send checks, \$35 per person, payable to Rossmoor Women's Club, to Carolyn Thompson at (15000 Pennfield Cir., Apt. 202, Silver Spring, MD 20906) by Friday, May 11, after which checks are not refunded. Include your choice of entree and a contact phone number with the check.

"Each year, we are delighted to award scholarships to Blake High School seniors and to ACES scholars at Montgomery College," said the Club's education committee chairperson Rita Posner.

"Several of the six winners hope to attend the luncheon, and give the audience a brief

glimpse of their career goals."

All luncheon attendees are encouraged to bring needed donations for the Betty Ann Krahnke Center, a local shelter for women and children seeking refuge from domestic violence.

The Center needs gently used twin-sized bed sheets, blankets, towels and summer clothing for women and their children.

Disposable diapers, baby wipes and full-sized packages of essential health and personal care items are always welcome, as are gently used car and booster seats. New toys and nearly new children's books are also requested.

RWC volunteers will deliver the donations to the shelter's intake coordinators.

Take a Chance, Win a Big Ticket

As a special feature at the luncheon, attendees have an opportunity to buy chances for three different prizes, including a Sangria pitcher and a ticket to the RWC's 50th anniversary

gala celebration.

The 50th anniversary gala, held on Sunday, Sept. 23, is themed "Cheers for Fifty Years."

Time to Renew or Join

Now is the time for all existing members to renew, and for new members to join.

Annual dues of \$40 per year cover the new 2018-2019 Club year, which officially begins on Friday, June 1.

"If you are really thrifty, you can bring your dues check, payable to the Rossmoor Women's Club, to the Scholarship luncheon, and save a postage stamp," she notes.

Checks can also be mailed immediately to Arlene Siller at (3100 N. Leisure World Blvd., Apt. 909, Silver Spring, MD 20906).

For further information, contact her at (abs929@yahoo.com) or (301-460-7859).

RWC board meetings are on the second Monday of each month at 10 a.m. in Clubhouse I and are open to all members.

Walkers Trek to Brighton Dam and Riley's Lock

by Beth Leanza

Residents who enjoy watching movies, dancing to the music of the '50s and '60s or going to dinner theater productions may be interested in joining the Baby Boomer Club.

A small group of members go out to dinner and a local movie theater together. About every other month, the Club holds a potluck event followed by dancing to live music. In the summer months, the Club holds a picnic at East Norbeck Park. During some months, members get together to play board games.

The Club also shows a movie in the Clubhouse II auditorium each month. Upcoming movies include:

- April 20 – "Victoria and Abdul"
- May 18 – "The Ottoman Lieutenant"
- June 23 – "Dunkirk"

The Sock Hop Club, a spin-off of the Baby Boomer Club, holds a dance on the third Saturday of each month at 7 p.m. Bring your own snack and beverage. A small fee covers the cost of the DJ.

Join Us and Connect

Residents interested in joining the Club are encouraged to come to a movie. Members always follow the movie with a snack and get together.

Residents can also send a check for \$5, payable to Baby Boomer Club, to membership chair Susan Landesberg at (3505 Twin Branches Ct. 37-C). Be sure to enclose your address and phone number, if not on the check, and your email address.

Baby Boomers communicate mostly by email. Be sure to add the Club's email address to your email address book or contact list, (bbclw@googlegroups.com), to help ensure that Club emails reach your inbox. The Club keeps its emails limited to activities that members might enjoy.

Residents who don't have email should write "no email" on their check. The Club strongly suggests that these members connect with members who do have email, so as not to miss out.

Residents who have joined the Club but are not receiving emails are asked to contact Beth Leanza at (301-598-4569) or (bethlea12020@gmail.com).

Need More Information?

The Club's website is available at <https://sites.google.com/site/bbclwmd/> and includes a calendar with walk information.

Friday Hikes with Dawn

Many walkers meet up at the walk site, but if you want to carpool, contact Dawn Carlisle at (301-598-7098) by Thursday evening. Always bring water.

- April 27 – Brighton Dam Azealia Garden (Brookeville) Meet in the Brighton Dam Recreation Park parking lot at 1:15 p.m. Drive through the Norbeck Gate and turn right onto Norbeck Road. Turn left onto North New Hampshire Avenue, and then turn right

onto Brighton Dam Road. Parking is on the right just above the dam, across from the garden.

- May 4 – Riley's Lock (Pool-essville) Meet in the parking lot at 11 a.m. Bring water and a lunch. Take Falls Road (Rte. 189) south to River Road. Turn right onto River Road. Continue for eight miles. Turn left at the T-intersection, continuing on River Road for 0.7 miles. Take the next left onto Riley's Lock Road. Drive to the end of the road and meet at the parking lot.

Sunday Morning Walks

Members up for a longer walk, about three miles, can join a group on Sundays at 8:30 a.m. They meet up at the corner of Leisure World Boulevard and Arden Court (across from Kelm-scot Drive). The walkers usually go out to breakfast afterwards.

Weeknight Walks

A smaller group of walkers meet Monday-Friday at 5:15 p.m. in the lobby of Clubhouse I. Beginning on Monday, April 23, they meet at 7:15 p.m.

They walk around the approximately one-mile Broadwalk in Montgomery Mutual. No one makes an announcement (or carries a sign!), so introduce yourself to the group.

Volkssport Walks

One Club member is also a member of the American Volkssport Association. He posts their walk information on (bbclw@googlegroups.com). Under Calendar, click on "Walks."

Mah Jongg

Experienced mah jongg players can join others on Tuesday or Wednesday nights at 7 p.m. in Clubhouse II. Email Donna Cope-land at (dc@grandmathegeek.com) for more information.

The Going It Alone Club (GIAC), which meets every Saturday from 2-4 p.m. in Clubhouse II, holds its election of officers during the annual membership meeting on Saturday, June 23.

In preparation for the meeting, a nominating committee is seeking volunteers to fill the positions of president, vice president and treasurer.

The president's main duty is to preside over the monthly board meetings. The vice president fills in if the president cannot attend and the treasurer deposits checks in the bank and records receipts.

Any interested members should contact Elizabeth Brooks-Evans at (240-242-4433) or Pat Connelly at (301-598-9369).

Armchair Travel

On Saturday, April 21, at 2

p.m., armchair travelers tour England's West Country with well-known travel guide, Rick Steves, who will lead them through its quaint Cotswold villages and the dramatic prehistoric stone circles of Stonehenge.

On Saturday, April 28, Steves and his travelers go from Canterbury's cathedral to Dover's fortifications, and hike atop the chalk cliffs of the South Downs as they arc along the coast of Southeast England.

Games

Right after travel, bridge and Rubik's cube begin at 2:30 p.m.

Bingo is played on the second and fourth Saturdays of the month, and Pokeno on the alternate Saturdays from 2:30-4 p.m.

GIAC's long-time bingo caller, Sylvia Pachenker, is looking for a member to assist her with that task.

Anyone interested should call her at (301-598-5325).

The Beauty of Nature, the Ides of March and Jinns

by Carlos Montorfano

Jane Hawes began the proceedings with “Perception,” telling about her lifelong love for a sculpture in her home made of multicolor tiles that elicited many admirers.

Lee Hardy read “Snowy Morn,” an unforgettable memory of an early snowfall that included observations of tree branches roped in white and tiny sparrows hopping by, giving bug hunting a try.

Woody Shields’ “Understanding Cohorts,” is part of his forthcoming book that explains the dynamics of a white-tailed deer population.

A cohort is a group of animals of the same age and sex. Upon birth, each deer joins a cohort group. As the years progress, each group is reduced by mortality until all members are deceased.

Verna Denny read a touching, old story called “April’s Fool,” about her mother passing away just two days before April Fool’s Day. She and her mother enjoyed

playing family tricks on her sister and other relatives.

Phil Wendkos, a new member, read a serious piece about Jewish war veterans, and the need for proper diplomatic relations and understanding among different countries and religions in the Middle East.

Kimi Sugimura, with her long experience as a teacher, gave the group a well-thought piece about schools, guns in the classroom and the NRA.

Gladys Blank wrote a long piece about the history and significance of the ides (the middle of the month), especially the Ides of March and its relationship to the murder of Julius Cesar and other unfortunate events.

Radha Pillai read “The Real March” about The March for Our Lives on Washington, D.C.

Judith McLean read a couple of poems, one about a “Jinn,” an immaterial being of fire in the Qur’an whose nature is between human and angel.

Danuta Montorfano read

“A Hint of Spring,” a piece about the good feelings spring weather provides.

Meetings are on the first and third Thursday of each

month at 11 a.m. in Clubhouse I.

All residents are welcome to attend.

Club Revels in All Things Punny and Funny

by Al Karr

From time to time, a member of the Comedy and Humor Club brightens up a club session with a shaggy-type story, which has a very punny, and funny, ending. Rudy Volin and treasurer Sumner Levin each offered one of these at a recent meeting.

The Club meets every Tuesday at 1:30 p.m. in Clubhouse II. On the last Tuesday of the month, president Sam Hack presents a video of a classic TV show.

On March 27, it was a hilarious replay of a Jerry Seinfeld gem. Come visit a meeting and have some fun.

At a recent meeting, those

doing the standup comedy bit included Rudy Volin, Sumner Levin, Sam Hack, Al Halpert, Wally Becker, John Lass and Al Karr. Here are a few of their favorite jokes:

- Sumner – A rabbi in Madrid suddenly needed a large supply of chrain, a horse-radish, for a Jewish holiday for his temple’s worshippers, so he ordered the chrain from Tel Aviv. It was flown to Madrid, but after landing, the aircraft was stuck on the runway for four days, during a major storm. So the chrain in Spain stayed mainly on the plane.
- John – Newspaper headline: “Police plan to run down jaywalkers”

Buying and Installing a Disk Drive

by Brent Malcolm

At one of the Club's recent monthly meetings, a member asked how to buy an external disk drive to be used as a Time Machine backup disk, and if users have to buy a Mac disk? All disk drives are essentially the same and their ultimate use (Mac or PC) dictates how the disk drive should be formatted. Users can find some drives sold as Mac disks, but most are sold as undefined drives.

Because a user can reformat any disk to be used with a Mac, the only important criterion is the size of the drive. As a general rule, users who want to use it as a Time Machine back-up disk should select a size that is twice the size of their internal drive. For example, a user with an internal Fusion drive of 1.11 TB could buy a 2 TB Time Machine external hard disk drive as a back-up disk.

To find the size of the internal drive, go to the Apple menu (apple logo at extreme top left) and select About This Mac. In the new window, click the Storage tab and the internal drive and its size is shown.

Once a user has the new disk drive, he or she will need to format it. Fortunately, this is a relatively simple process using the Apple-supplied utility, Disk Utility.

To find Disk Utility, open the Utilities folder located in the Applications folder. Plug in the new drive and it will appear in the Disk Utility sidebar labeled "Untitled." Select that disk drive and, after ensuring the correct drive has been selected, click the Erase button at the top of the window.

In the drop-down window, choose a name for the new drive, such as TimeMachine1. Ensure the Format popup menu selection is "Mac OS Extended" (Journaled), and then click Erase.

When done, a new window appears saying that the Erase process is complete, and then click Done. The drive will be formatted for the Mac and can now be used as a Time Machine drive or for any other Mac-related purpose.

To begin using Time Machine, open System Preferences and select Time Machine. The window opens and a query asks, "Do you want to use (name of new drive) as your Time Machine disk?"

If you do not see that query, click the lock in the lower left corner to unlock the window.

Then click the Select Disk button and select the newly formatted disk TimeMachine1.

Apple Club News

The Club welcomes back its popular presenter, Jim Ritz, at the next meeting on Tuesday, April 24, at 10 a.m. in Clubhouse II. Ritz discusses something on everyone's mind these days: security and passwords.

All sorts of Apple Club information is available on the club's website: (<http://mac.computerctr.org>). Available information includes meeting and clinic dates, past Leisure World News articles, information on past presentations, and more.

Today's Tip – Skip the Confirmation Query

When initiating a Log Out or a Restart, users get a window asking if they really want to Log Out/Restart. To bypass this query, hold down the Option button when initiating the Log Out or Restart.

Hats Off to Chess

by Bernie Ascher

One of the world's most misleading names is the "Panama hat." Panama hats are made in Ecuador, not Panama. The industry in Ecuador dates back hundreds of years before the arrival of Francisco Pizarro and the Spanish conquistadores in 1526. In the 1830s, an enterprising Ecuadorian immigrant from Spain named Manuel Alfaro brought hats on horseback to Panama to sell them in the bustling trading hub and set up a hat business there. During the California Gold Rush that began in 1848, prospectors bought hats in Panama on their way to California. They called them Panama hats. The hats became so popular that, by the 1850s, the U.S. was buying 220,000 per year, according to Brent Black, a retailer of Panama hats. The Panama hat made its international introduction at the 1855 World's Fair in Paris. It could have been a special opportunity to

clarify the identity of the country of origin, but the World Fair catalog made no mention of Ecuador. So the hats continued to be known as Panama hats. In Ecuador, however, they are called sombreros de paja toquilla – hats woven from the straw of the toquilla plant. Laborers wore these hats while building the Panama Canal from 1904-1914. At the peak of construction, 40,000 people worked there. In 1906, a visit to the canal by President Theodore Roosevelt, whose picture appeared in newspapers wearing a Panama hat, helped to spur sales even further. The white hat with black band made a special fashion statement. Many celebrities, including Mark Twain, Ernest Hemingway, Fred

Astaire and Truman Capote, liked the dapper look of the hat and helped popularize it. Now, however, Ecuador has more serious concerns than the misnomer. Experienced, high quality weavers are declining in number. Total production in Montecristi is now down to about 5,000 hats a year. Only about a dozen of these are the finest, museum quality. Weaving a fine hat requires special skills and nimble fingers. It can take from one day to eight months to complete a hat, depending on the quality and finesse. A museum quality hat can sell for hundreds or thousands of dollars, but the average Panama hat sells for \$20-25. As the story goes, you can fill a fine hat with water and not

a drop will go through. Rolled up, the hat could pass through a wedding ring. The weavers are mostly peasant families who pass on traditional techniques of cultivation and processing to their children. It is a distinctive tradition and part of the country's cultural heritage. In 2012, UNESCO recognized this Ecuadorian tradition and added it to the List of the Intangible Cultural Heritage of Humanity. Ecuador's other concern is that it must compete with cheap Panama hats from China, some selling for about \$8. China is the world's leading producer of "straw" hats, with exports valued at more than \$1 billion a year and accounting for more than 40 percent of world demand. According to the Financial Times, China's "straw" hats are actually woven from paper, but few consumers can tell the difference. Ecuador's exports are far fewer and valued at roughly \$2.3 million. Ironically, in 2017, UNESCO recognized Panama's pintao, or painted hat, adding it to its List of the Intangible Cultural Heritage of Humanity. "The pintao hat has become an integral part of regional outfits throughout the country, worn during traditional dances and community festivities," UNESCO's statement read. The pintao differs from the widely known "Panama hat," which has a wide brim. In Leisure World, players do not wear Panama hats during chess games, especially indoors. In the game shown on this page, Black is in a strong position. What is Black's best move? The answer follows this reminder that the Chess Club meets on Monday, Wednesday and Friday from 1-4 p.m. in Clubhouse II. For further information, call Bernie Ascher at (301-598-8577). ANSWER: Black moves the Bishop to d6, checking the King and forcing White to block with Pawn to g3. Black then moves the Rook to h1. Checkmate! So, do not wait for a Panama pintao. Do not wait for a Chinese Panama hat. Do not wait for a drop of water to pass through a Panama hat. Play chess now!
